School Children and Brownies and Girl Guides Fine Programs

Important Features of Carnival Opening Were Programs in Arena on May 23-24

Most appropriate to open the carnival was the Empire Day program by the classes of Cameron school. West Coleman, under the supervision of Miss A. Yuill, with the assistance of Misses Margaret and Ethel Dunlop and Laura Johnson, teachers.

A. M. Morrison as chairman announced the nature of the program to a large audience, and the address was given by G. Kellock, who spoke on the significance of the day and of the splendid traditions which citizens of the British Empire must strive to maintain.

Parents of the children gave splendid co-operation in seeing that the children were appropriately dressed for the various numbers in which they took part, thus helping towards the success of the program.

The program was as follows:

1. "O Canada," the pupils of Cameron school.
2. The Story of Empire Day. Calvin, Neil, Harry, Billie, Eddie, The Union Jack—Francis Mason.
3. Flag Salute, grade I.
4. A Wreath for Britannia, grade II and III.
5. The Colors of the Flag, grade I.
6. The Maypole Dance, grades V and VI.
7. "Fair Canada," grades IV and V.
8. "The Flag is Passing By," boys of grade I.
9. The Ribbon Dance, girls of grade VI and VII.
10. "Canadian History," grades VI and VII.
11. "God Save the King."

Mr. A. M. Morrison—Chairman.
Mr. G. Kellock—Speaker.
Mary Panek—Herald.

The teachers of Cameron school wish to thank the parents of the children for their co-operation in helping with the patriotic program.

On the evening of May 24, the Girl Guides and Brownies gave a splendid display on the large platform in the arena. Mayor Pattinson presided, and complimented the leader, Miss Yuill, on the fine appearance of the girls in their uniforms. He also paid a tribute to the splendid organizing work of Mrs. R. P. Borden, district commissioner, whom all regretted was unable to be present on this auspicious occasion owing to illness.

The Brownies, quite small children, under the direction of Mrs. Frank H. Graham, gave a remarkably interesting program, with Mrs. W. J. Harris, Mrs. Maurer and Marjorie Halliwell assisting. The haunting melody of the Brownies Song which concluded their program brought forth liberal applause.

The program was as follows:

- Chairman—Mr. Geo. Pattinson.
1. "O Canada," Guides and Brownies.
 2. Brownie Program.
 - (a) Opening Exercises.
 - (b) Physical Exercises.
 - (c) Dance—Swinging in the Swing.
 - (d) Dance—Shoemaker's Dance

The Guides followed with their program, opening impressively with the customary ceremonial duties of Girl Guides throughout the world. Over 40 uniformed girls marching in time to the music aroused the enthusiasm of the audience, and to the majority of those present it was a revelation to see the progress which these girls' organizations have made.

Their program follows:

1. Signalling—Mary Hoyle.
2. Marching Drill—A. and B. Company.
3. Folk Dance, "The Crested Hen."
4. Flag Salute, "Canada"
5. Horse Shoe Formation with the Guide Law and Guide Promise
6. Song—"Are You There, Guide?"
7. "God Save the King"

Mis-Spelled Word Causes Interest

Malcolm Fraser was the first to discover the misspelled word in the directory ads in The Journal last week. The papers were sent out by the carrier boys and to the post office at 4 p. m., and at 4.40 Malcolm came in with the misspelled word in the advertisement of Sam's Service Station, it being Accessories, which had been purposely spelled with one S instead of two. Alfie Jones came in with a word in D'Appolonia's advertisement, his discovery being "Stonebord," which he thought should have an A in the last syllable, but as this is a trademark of the product advertised, he was out of luck. A little fellow, Campbell, thought a letter in the word Telephone shouldn't have been there, but he was wrong. Many others scanned the column, so that the directory advertisements at least were well searched for typographical errors and otherwise. One gentleman debated the point on the spelling of the word Jewellery. This is a very entangling word. Webster's dictionary defines it thus:—Jewelry, Jewelry and Jewellery. You may take your choice of which is correct. Being such a debatable word as to correct spelling, it was not included in the misspelled word competition.

On Friday morning a number of others called at the office with their discoveries. Watch this week for another error.

Coleman Homing Society

Result of race from Taber to Coleman—distance 106 miles. Birds liberated 8.45 a. m., and arrived at 12.14 noon

	Velocity yards per min
1st. Wm. Pryde	902.8
2nd. T. Jackson	901.6
3rd. Wm. Roughhead	901.4
4th. Chas. Makin	898.8
5th. J. Anderson	890.5
6th. Wm. Harrison	860.7
7th. Ed. Raymond	848.6
8th. Wm. Harrison	843.0

1st prize—pipe, donated by Frank G. Graham.
2nd prize—pair of young homing pigeons, donated by A. Dewar.

The Coleman Homing Society was represented by Chas. Makin, Wm. Pryde and A. Balloch at a meeting of the Alberta Federation held in Calgary on May 20th.

The Federation race will be held on July 15, from Broadview, Sask., a distance of 541 miles from Coleman.

ST. ALBAN'S CHURCH

Next Sunday is Whit Sunday, the festival of the Holy Spirit. The services will be: 11.15 a. m. Holy Communion, 12.30 p. m. Sunday School.

The Rt. Reverend the Lord Bishop of Calgary will conduct a confirmation service on Whit Monday in St. Alban's church, at 8 p. m.

The diocesan summer school will be held at St. Paul's Indian residential school, Cardston, from July 3rd to 8th.

UNITED CHURCH NOTES

Services at 11 a. m. and 7 p. m. on Sunday, June 4, with Rev. Roy Taylor in the morning, and in the evening Rev. J. Wood of Bellevue.

St. John Ambulance Association Addressed by Director, Col. J. C. Clark

Appreciation of Coleman's First Aid Teams Expressed by George Kellock

Coleman branch of St. John Ambulance Association held its second annual banquet and presentation in the Grand Union hotel on Thursday, May 25, Col. J. C. Clark, of Ottawa, director of the association, examined the first aid teams during the afternoon, and in the evening presented certificates, vouchers, medallions and labels to the following:

Certificates

G. McMullen, R. Glendenning, V. Janostak, A. Kapelka, M. Cousins, R. Cousins, W. Clarke, G. Clarke, C. Clarke, S. Atkinson, F. H. Rayman, H. Raymond, J. Raymond, M. McMullen, G. Milley, M. Brennen, A. Hayson, L. Brown, E. Wood, L. Richards, L. C. Richards, J. McQuarrie and W. Martland.

Vouchers

C. McQuarrie, Nick Milo, J. A. Lonsbury, W. Anderson, H. G. Dunlop, J. DeAndrea, T. DeCecco, R. Hill and T. Brennen.

Medallions

J. Janostak, E. Jones, S. Penny, A. Wilson, E. Salvador, H. Turner, W. Lonsbury and L. A. Caroe.

Labels

J. McDonald, G. Rayman, J. Goulding, E. Hill, J. Kilgannon, J. Rushton, Jr., G. F. Derbyshire, M. Cornett, J. Cousine, E. X. Hill, A. Fauville, N. Fleming, B. Bond, and H. J. Dunlop.

Those examined for the Cordie Cup were: H. Parkinson, captain; E. Hill, H. Chamberlain and E. X. Hill.

The program at the banquet was presided over by Mr. G. Kellock, vice-president of McGillivray Creek Coal & Coke Co. Ltd., in the absence of Mr. Whitehead through illness. He stated that though there was an increase of members present over last year, yet he would be pleased to see a greater number, as the coal companies favored as many men as possible taking up first aid work. Credit was due to Dr. Borden for his services as instructor, who also was unavoidably absent, but who was represented by Dr. Keith McLean, who spoke briefly in his behalf.

Col. J. C. Clark in his opening remarks expressed appreciation for the hearty reception accorded him. He referred to the sudden death of Col. Drumm, his predecessor, and the loss caused to the association.

His review of the foundation and progress of the St. John Ambulance Association covered the period from the time of the Crusades in Palestine to the present day. The supreme head is the king, with the Duke of Connaught holding a command. In 1895 the association was organized in Canada.

Referring to the local team, their work was a splendid demonstration, deserving of high commendation.

Other speakers were Mayor Pattinson, Harry Instone, R. M. Greenhalgh, J. Healey, H. T. Halliwell. A musical program was contributed to by the following: Violin solos, Teddy Royle, Tony DeCecco; songs, P. Smith, Archie McCulloch; xylophone solos, Harry Parkinson.

Jessie and Masie Chow, two of E. L. Gooley's children who some months ago went to China, have died. Letters to friends here written by Dorothy Chow indicate that the family has experienced acute distress since returning to China.

Coleman Band Delighted Carnival Crowd During Holiday

Coleman band, under the leadership of Alex. Easton, was highly commended on its contribution to the success of the carnival. With bright, stirring music, they played in the arena each evening. Their selections and the style in which they were played, was a most pleasant surprise, as it is only a week or two since they re-organized after being dormant for about three years. At the football match between Corbin and Coleman they played on the field, and thanks to them from the Citizens League executive and the football club for their service so generously given.

Knights of Pythias Welcome Grand Chancellor to Pass

C. Powell, of Wayne, grand chancellor of the Knights of Pythias, visited Coleman on May 10, addressing the Pythian sisters at their Mother's Day meeting and social.

On May 11 he made an official visit to the Knights of Pythias, members from Hillcrest and Blairmore lodges being present. The Pythian sisters attended the social held after, when they were again addressed by the grand chancellor.

On May 12 he officially visited Blairmore lodge, members visiting from Coleman and Hillcrest. A social was held. On May 16 Hillcrest lodge was visited, where the hall was packed to capacity. A banquet followed the business session, in which the Pythian sisters joined.

The grand chancellor was accompanied on his visits to local lodges by J. T. Griffiths, G. I. G., of Coleman, who gave addresses at the various meetings. Mr. Powell intends making another visit to the Pass towns.

Caledonian Society Program

The meeting on May 26 in the K of P. hall was featured by a children's program, in the nature of a radio broadcast far better than the "tin can" variety, and the efforts of the artists was highly appreciated. Mary Roughhead was the announcer over "Station C.C.S."

Those taking part were K. McLellan, L. Ford, D. Lochrie, Roy Taylor, Jr., M. Garner, W. Taylor, D. Bell, M. McLellan, C. Smith, H. McLellan, A. Lochrie, M. Smith, M. McCulloch, M. Roughhead; Highland Fling by J. McQuarrie and B. McGinnis; group singing by the girls; piano duet by J. Robert and P. Gillespie.

Following the program the children sat down at a specially arranged table and enjoyed the many nice things placed before them.

Members are reminded that the next monthly assembly will be held in the Oddfellows hall.

Vandalism at Graveyard

Complaints have been made to the council of the fence at the cemetery being broken, and some of the material removed, permitting cattle to wander in and damage the grounds. Even trees have been wantonly cut down. An appeal is made for respect to be shown for the resting place of the dead, and any person having information of others causing damage should report it so that offenders may be punished.

Miss Kathleen Kilgannon of the Bank of Commerce staff at High River, was visiting with her mother last week.

Mrs. Russell Ewing and children left on Saturday last to visit relatives in Fife, Scotland, and will remain there for most of the summer.

Many Attend Carnival --Prize Drawings Excite Keen Interest in District

Major Prizes Go to Hillcrest, Coleman and Corbin—Successful Holiday Event

Coleman's three days carnival was favored with fine weather, a big gathering of people from the Pass towns and the best of goodwill. Successful in every way as a holiday event the carnival gave quite a boost to business generally and it is estimated that approximately \$5,000 was spent in the carnival and around town above the ordinary run of business.

More significant than the material consideration was the splendid get-together spirit exhibited on all sides. Volunteer helpers worked with a will and people supported the efforts of the Citizens League carnival committee liberally, especially considering conditions of the past three years.

On May 24 over 100 cars came in from British Columbia towns. It is safe to estimate that between 500 and 600 visitors from the west were here. Blairmore, Bellevue, Frank and Hillcrest contributed large quotas, and the night of the 24th the arena was packed with a jolly, good natured crowd of people who were out to enjoy the noise and all the bally-hoo attendant on occasions of this nature.

Keen interest was aroused in the drawing each evening for the major prizes. Though the sale of tickets was considerably lower than in previous carnivals, yet the three continued showed a fair profit.

The Maytag electric washing machine was won by A. Bianchini of Hillcrest, ticket 1702; the Gen-

"FRESH FROM THE GARDENS"

A Warning To All Nations

In this column recently it was emphasized that the only effective and permanent way out of the existing depression, and the only method whereby world peace can be maintained and assured, is through international action. The fact was stressed that no one nation can, through its own policies and by its own efforts, bring prosperity to its people. Furthermore, that the solution of world problems today, or the domestic problems of individual countries, is not to be found in the overthrow of existing systems and institutions, but in the removal of the abuses which have been allowed to creep in and develop.

That is, it was emphasized that the basic cause of the present depression, the constant dread of war, the social unrest prevailing, was to be found in the narrow nationalism which has afflicted the peoples of all countries like a universal plague; that it was this narrow nationalism, born out of suspicions and fear, which had destroyed the trade of all nations, weakened their monetary systems, led to the maintenance of excessive armaments, and resulted in the imposition of burdens of taxation beyond the ability of people to pay.

Possibly some of our readers said to themselves: That is all very true, but what can we in Canada do about it? We are only 10,000,000 of people; we are not regarded as a world power, although we are a not unimportant part of a great world power, the British Commonwealth of Nations; as a Dominion, however, we can do little to influence world opinion and action; must we, therefore, continue to suffer until other nations forget their suspicions and fears and make up their minds to be sensible; is there nothing we can do to help ourselves?

There are, of course, many minor matters of policy to which Canadians can direct their attention and bring about certain domestic readjustments and improvements. But the basic cause of the trouble is beyond our individual control; it is international in its cause and scope, and it must be dealt with internationally—not by one but by all nations. For example, Canada has just negotiated a new trade treaty with France in an endeavour to improve trade relations between the two countries. Above all things Canada desired to secure a larger market in France for wheat, the greatest single item in our export trade. We could not get it. Why? Because, as Hon. C. H. Cahan, who negotiated the treaty on behalf of Canada, told the House of Commons, "there is not the slightest intention on the part of the French Government to allow foreign wheat to come into France which will interfere with domestic production." And the reason is France's fear of war and her determination to be in a position to feed her own people. What is true of France is true of Germany, Italy, Spain, and many other European countries to which Canada formerly sold large quantities of wheat. Canada cannot change this attitude, but it can be changed by international accord which will remove the threat of war.

It is because our chief hope lies in the international arena that we in Canada, as a great trading nation, have reason to rejoice because of the message addressed by President Roosevelt direct to the heads of all governments throughout the world, kings, presidents and potentates of the forty-four nations to be represented at the World's Economic Conference in London in June, a message that has been hailed as a great document.

We would like to reproduce that message in full, but space will not permit. Having already succeeded in bringing about a world tariff treaty pending the assembling of the London Conference, President Roosevelt in his message called for a further treaty providing that no armed troops whatsoever should hereafter cross any frontier save when a neighbor had threatened by breaking her armament agreements. As an immediate goal, the President asked success for the Geneva arms conference and the London economic conference. He called for an agreement that no nation shall increase its existing armaments; he advocated the abolition of all offensive weapons of warfare. Concluding his message, President Roosevelt said:

"Common sense points out that if any strong nation refuses to join with genuine sincerity in these concerted efforts for political and economic peace, the one at Geneva and the other at London, progress can be obstructed and ultimately blocked. In such event the civilized world, seeking both forms of peace, will know where the responsibility for failure lies. I urge that no nation assume such a responsibility, and that all the nations joined in these great conferences translate their professed policies into action. This is the way to political and economic peace. I trust that your government will join in the fulfillment of these hopes."

Canada will be represented at the London Economic Conference by Premier Bennett and he will have the united support of 10,000,000 Canadians in standing unitedly with President Roosevelt and Premier Ramsay MacDonald in their great effort to save the world. That Mr. Bennett will take such a stand there is no question. He can be depended upon, as any Canadian prime minister could be depended upon, to throw the whole weight of this Dominion's influence into the scale for world peace, economic and political.

In this great effort the United States and Canada will be one. There will be no dividing lines between them. For over a century neither country has maintained any offensive force against the other, and because such offensive forces did not exist there was no need for either country to erect fortifications along the boundary or maintain defensive forces. Remove the danger of offence, as President Roosevelt says in his message, and no need exists for defensive forces.

Canada and the United States offer an object lesson to the world. Let that object lesson be driven home to the nations of Europe. The countries of North America are not suspicious of each other, do not fear each other. One prospers when the other prospers. The same can be made true of Europe. The youthful nations of the new world are showing the way to the more ancient nations of the old world. May they succeed in their great task.

No Market For Cars

Taxes on gasoline amounting to twenty-four cents a gallon, plus other fees, have resulted in 16,500 Viennese automobile owners turning in their license plates in three months. The second-hand car market is glutted and new cars can't be sold.

Was So Short of Breath Could Not Lie Down to Sleep

Mr. P. J. Chernoff, Shoreacres, B.C., writes: "I had been so troubled with shortness of breath I could not lie down to sleep. I couldn't do any hard work, or climb the stairs, and had nervous and smothering feelings, and became very weak. I tried all kinds of medicine, but could get no relief until after I had taken three boxes of Milburn's Heart and Nerve Pills, and since then I have felt better in every way."

Now sold at all drug and general stores; put up only by The T. Milburn Co., Ltd., Toronto, Ont.

Good Thing For World

If China and Japan Would Form An Entente

A Sino-Japanese entente would be no bad thing for the world. Once Japanese trade with China started again, pressure enough would be brought to bear on the militarists to do nothing to create new disturbances. Trade breeds more trade, and Hong Kong would have its share of such revival. If Japan has full play in China she will cease to cause trouble elsewhere, and a beneficial use will be found for her energies and ambitions. Of a military alliance between the two there is no practical danger. As well might the world fear lest Britain raise an army of a hundred millions from India! Immediate peace in the Far East cannot be expected. The sea is not easily still after a typhoon. But the country is war-weary, both of civil and foreign strife, and if the Chinese people are set upon peace and good order, they will make an end of war lords who have exploited them in times of precarious peace, and failed them in face of the foreign aggressor.—Hong Kong Press.

Greenland Sinking Into Sea

Settlements Of Early Vikings Now Covered By Water

Greenland is sinking into the ocean. Professor Vogt of Norway Technical University, Tromsø, says the sinking is shown plainly, and takes place at the rate of 58 centimeters a century.

In the summer of 1931, Professor Vogt headed an expedition to southeast Greenland. Mapping the shoreline and comparing the results with the measures of other expeditions, he discovered that the 2,500 meters glacier, which covers the big island, causes a pressure that makes the mainland of Greenland sink in the ocean.

Settlement of the early Norwegian vikings are today covered by water. The burial ground of the vikings at Eivjovms is an evidence for the correctness of his theory, Professor Vogt declared.

Harrowing Tale

Master Locksmith Trapped In Sunken Vessel At Bottom Of North Sea

Charles Courtney, master locksmith, was back in New York from his mystery trip to Europe, his hair several shades whiter, his left wrist in a plaster cast and his right side swathed in bandages.

Still visibly nervous when he arrived, he explained his injuries with a harrowing tale of being trapped for nearly an hour at the bottom of the North Sea in search for treasure aboard the British cruiser Hampshire, sunk with Earl Kitchener in the war.

There was jubilation among the crew of the salvage ship when \$15,000 of gold was brought on deck and plans were immediately made for further search for the £2,000,000 in gold reputedly carried by H.M.S. Hampshire.

No Pay Cut

Judges Over 75 Years Of Age May Continue On Bench At Regular Salaries

Judges of the superior and supreme courts of the provinces who are over 75 years of age may continue on the bench at their regular salaries.

The bill designed to make such judges retire on pension at that age or, if they continued in office, to have their salaries reduced to what their pension would be, was defeated in the senate on second reading by a vote of 17 to 11. All the Liberal senators present voted against the measure, as did three Conservatives, Senators A. D. McRae, J. S. McLennan and C. P. Beaulieu.

The bill had already passed the House as a government measure. The bill was debated in the senate, when Sir Allen Aylesworth opposed it as a breach of faith.

Boy Scouts' "Copper Trail"

Covered 4,399 Feet on Saskatoon Streets and Netted Boys \$738.78

Saskatoon's boy scouts "copper trail," an odd method of raising funds, netted the lads 4,399 feet of coppers, amounting to \$738.78. They found there were more small coppers in existence than large ones. White lines were painted on two streets and the people placed their donations on them. Shovels were used to scoop them up at the end of the day. There were 58,405 small ones and 15,473 large ones, weighing a total of 604.06 pounds. There were only 23 coins of doubtful value.

The biggest monument in the world is being erected in Germany.

RUNS UPSTAIRS AT 92

Daughter's Pride In Active Father

"I feel in duty bound," writes Mrs. A. J. W., "to express my gratitude for the marvelous results my father has obtained from Kruschen Salt. They should really be called 'Miracles.' He is ninety-two years old, and is fit as a fiddle. He can run up and down stairs, and run up and down stairs. His friends marvel why it is he is always alert, and never feels slack. He always tells them the reason, 'my regular daily dose of Kruschen Salt every morning.' We always recommend Kruschen Salt to all our friends. To my idea no family should be without it."—(Mrs. A. J. W.)

Most people grow old long before their time because they neglect one vital need of health—the need for internal cleanliness. Eventually they start the healthy Kruschen habit. Then they start getting rid every day of all waste matter from the system. New, healthy blood goes coursing through the veins. And almost immediately they feel their youth has returned; they feel young, energetic and happy. In a word, they've got that famous "Kruschen Feeling."

Lake Freight Situation

Order Fixing the Maximum Rate Is Suspended

Pending further consideration of the lake freight situation, the board of grain commissioners suspended an order fixing the maximum rate for carrying wheat from the head of the lake to Montreal, Sorel and Quebec, at six cents per bushel. The order was issued on May 5.

The order was made to offset discrimination between a six-cent rate to Sorel and Quebec and 6 1/2 cent rate to Montreal. This discrimination has now been removed, the board stated.

It is understood the board is watching progress of legislation now before parliament in respect to the Canadian coastal laws, passing of which would prohibit United States competition in the all-water route to Montreal. When this has been dealt with it is understood the whole freight situation will be gone into.

Canadian Goat Society Holds Annual Meeting

Inquiries Received Indicate Good Demand From Prairie Provinces

The Canadian Goat Society held its 16th annual meeting recently in Victoria, B.C., with representative breeders in attendance. It was shown that though business had been quiet during the past year, registrations and transfers of pedigrees of pure bred stock had been well maintained and membership showed a slight increase.

The chief business of the meeting was the adoption of a new constitution embodying the requirements of the new Live Stock Pedigree Act. Judging by enquiries already received from the prairie provinces there is a good demand for goats, but the prices offered are so low that there is little in the business.

Rely On Prairie West

Greatest Influx Of Settlers Occurred When Wheat Prices Were Low

"While it is true that all agricultural prices are still well below the figures of a few years ago, may I remind you that the prairie west received its greatest influx of settlement in the pre-war decade with wheat prices ranging from 65 cents to \$1.60. Fort William," declared John A. Imrie, managing-editor of The Edmonton Journal, in an address before the annual meeting of the British Columbia division of the Canadian Manufacturers' Association. "To those settlers \$1 wheat was the pot of gold at the end of the rainbow. It is true that costs were low, but during the past three years there has been a tremendous reduction in production costs."

Russia Out For Record

The society for air and chemical defence in Moscow, Russia, is planning an ascent into the stratosphere. Members hope to better the record of Professor August Piccard, who has attained heights of more than ten miles in two ascents.

Trinidad expects any change in trade activity to be upward.

YOUR LIVER'S MAKING YOU FEEL OUT OF SORTS

Wake up your Liver Bile

No Calomel needed

When you feel tired, depressed, sour on the world, that's your liver which is poisoning the system. Digestion and assimilation are being deranged. You are accumulating and storing inside you all kinds of waste matter. You feel nervous, listless, and you are losing weight. You need a liver tonic. Carter's Little Liver Pills are just what you need. They are gentle, safe, and they will cleanse your liver and make you feel like a new man. They are sold at all drug stores. 25c. at all drug stores.

Summer Cruises

Intriguing Sea Voyages Planned By Cunard and Anchor Lines

No less than 23 summer cruises have been scheduled by the Cunard and Anchor Lines for this season. These cruises will all sail from New York and the services will use eight of the Lines' steamers.

The "Franconia," celebrated for her World Cruises, will make two cruises to the Canadian North Cape and one to the South, the first sailing from New York on July 29th. The itinerary includes the Saguenay River, Quebec, Murray Bay, and Bermuda. This cruise will be repeated on August 26th in each case calling at Boston both ways. The southward cruise leaves New York on August 12th for Cuba, allowing three days in Havana, a full day in Nassau and two days in Bermuda.

The "Mauretania" will make five fast cruises to the West Indies this summer, sailing from New York on July 8th, 22nd, August 5th, 22nd, and September 9th. Each cruise will last 2 1/2 days and cover 3,500 miles. The ports visited will include Port of Spain, Trinidad, La Guaira for Caracas, Venezuela, Willemstad for Curacao, Panama, and Havana, Cuba. The "Mauretania" skirts the Leeward and Windward Islands on her way to Trinidad.

The annual North Cape cruise operated in connection with Raymond and Whitcomb, will sail from New York on July 1st, calling at Iceland, North Cape, Hammerfest, Norwegian fjords, Bergen, Oslo, Copenhagen, Zoppot, Kist, Stockholm, Leningrad for Moscow, Swinemunde in Germany, and Cherbourg. The cruise lasts 42 days in the "Carinthia".

The "Aquitania" is also scheduled for a couple of week-end cruises to Nova Scotia, the first being on the week-end of the 4th of July and the second for the Labour Day week-end.

Another cruise leaves New York on July 1st for the 3-day round-trip to Europe, calling at Cork, London, Hamburg, for Berlin, Rotterdam, for Holland, Havre for Paris, and back to New York.

Other summer cruises of Cunard and Anchor Lines include six 12-day trips to the Saguenay, Quebec, Murray Bay and Bermuda, covered by the "Transylvania" and "California"; two cruises to Nassau and Havana by the "California"; two Labour cruises to Nova Scotia by the "Transylvania" and "California".

In addition the "Tuscania" has been chartered by the Bible Conference Association for a cruise to Nassau and Havana, leaving New York on June 24th. Although the cruise is open to the general public, it will differ from other cruises in that there will be no dancing, no open bars and no theatrical entertainment. Bible class sessions will be held three times a day. It possesses many ideal features for people who do not care for the livelier type of cruise. On all other Cunard-Anchor cruises there will be concerts, night clubs, bridge contests and all that goes to make vacation cruise something to remember.

C.P.R. Official Dies

F. W. Peters Was the Oldest Official Still Holding Office

F. W. Peters, 73, the oldest official of the Canadian Pacific Railway still holding office, died at his home in Vancouver recently.

From 1903 to 1908 he was assistant freight traffic manager of western lines with headquarters at Winnipeg, and in 1908 became assistant to the vice-president of western lines. In 1912 he returned to Vancouver as general superintendent of the British Columbia division.

He is survived by his wife, the former Gertrude Wynyard Hurd, of Toronto, whom he married in 1884; brother, T. L. Peters, of Victoria, B.C., and two sisters, Mrs. H. C. Hannington, of Quebec, and Mrs. W. Morse, Ottawa.

People Prefer Pork

Popular Preference Does Not Preclude Poultry

Pork is the Canadian standby in meats, according to a report issued by the Dominion Bureau of Statistics. The per capita consumption in 1932 was 91 pounds, which was greater than the consumption of all other meats combined, including poultry. Beef consumed amounted to 56 pounds per capita, mutton and lamb to about seven pounds, and poultry 11 pounds.

Total consumption of eggs was 195,339 dozen, or 28 dozen per capita, as compared with 29 dozen in the previous year.

Gave Orders To Mussolini

Herr Karl Rainer, an architect, who once employed Signor Mussolini as a bricklayer before the latter rose to political fame, has died in Vienna, Austria. Herr Rainer then was in charge of construction on the Castle of Wuerthner, on the Woerther Lake, and Mussolini was one of the masons.

Automatic machines being installed in street cars of Edinburgh, Scotland, enable conductors to print tickets as they are needed.

Practically any wild grass will serve, in one stage or another as food for stock.

The Birth of Elation.

Ah! Now you're smoking! You're pipe happy. You've discovered Ogden's Cut Plug, a tobacco that's made for your pipe, made to pack right, to light right, to burn sweet and cool to the very last puff.

So you said it... a mighty likeable pipe tobacco... Ogden's Cut Plug. And every pipeful will be just as good as the first one. Ogden's quality never changes.

OGDEN'S CUT PLUG

If you "roll your own," use Ogden's fine cut cigarette tobacco and Chandler cigarette papers

Prizes In Arts

Canadian Artists Recognized For Work At Philadelphia Exhibition

Canadian artists took a major share of awards in a fine arts exhibition held as an opening feature of the annual conference of the Association of Junior Leagues of America, Inc., at Philadelphia.

Mrs. G. K. Trim, of Montreal, won the first prize in the drawings section.

In the exhibition of culture charts, the Winnipeg League was awarded second prize behind the first award given Hartford, Conn.

Honorable mention was accorded Miss E. Hart-Gardner, of Toronto, for her exhibit in the portraits and landscape section.

A Lonely Parish

Missionary To The Penal Settlement On Devil's Island

White-haired Father Goutray is on his way from France to be the first Bishop of French Guiana, which includes the dreaded Devil's Island, the penal settlement. The bishop's flock will include about 4,000 murderers and habitual criminals serving long terms. Only one cargo boat a month stops at Cayenne. Father Goutray, who has spent 25 years as a missionary, says he will live the same hard life as his flock, and he plans to know each man individually.

Canada is a generous country. She taught New Zealand how to establish the dairy industry, and Marquis wheat was a gift from heaven to the Argentine.

Four Power Pact Designed To Give Europe Ten Years Of Peace

Rome, Italy.—Premier Mussolini's four-power pact, designed to give Europe a minimum of 10 years' peace, was informally agreed upon by Great Britain, France, Germany and Italy. Although it was pointed out that final decision rests with the governments concerned, officials here confidently expect the pact will be signed promptly.

Initiating of the pact may be done at Geneva by Sir John Simon, British Secretary for Foreign Affairs; Foreign Minister Paul Boncour of France; Rudolph Nadjoly, German delegate; and Baron Aloisi, representative of the Italian government. Formal signing of the agreement would take place later at Rome.

The British ambassador, Sir Ronald Graham, and the French ambassador, Henry de Jouvenel, after long audiences with the Il Duce telegraphed the final text of the pact to their governments.

Captain Hermann Goering, Chancellor Hitler's right hand man, approved the text before he departed by aeroplane for Berlin.

Thus has a rapid series of events brought Europe in less than a week in to an understanding which, according to Premier Mussolini, may lead to world peace and reconstruction.

The statement, in the view of Italian authorities, will clear the atmosphere for the world economic conference, allowing the nations to consider economic cures with their feet on solid ground politically for the first time in years.

It is felt in diplomatic circles here the four-power agreement will greatly increase the chances in favor of the success of the London conference and may mark the beginning of a new era of European progress.

Agreement on the Mussolini pact was reached after two months of negotiation, as it was March 21 when Prime Minister Ramsay MacDonald left Rome after two days' conversations with the Duce on the subject.

Latest stumbling block to agreement was a German objection to French amendment, but the Germans now have withdrawn this.

Get Jail Term

Denison, Iowa.—Twelve men arrested at a farm sale here April 28, pleaded guilty in district court recently, to charges of contempt of court and resisting services of a court process. Judge Homer A. Fuller sentenced each defendant to one year in the state penitentiary on the resistance charge, but issued bench paroles.

Alberta Farmer Killed

Carmangay, Alberta.—Frank Hubka, 65, pioneer farmer of southern Alberta, and his daughter, Miss Mary Hubka, were killed instantly at Peacock, Alberta, five miles south of here when the car in which they were driving was struck by a northbound Canadian Pacific Railway passenger train.

Lower Interest Rates Are Urged To Lighten Canada's Load Of Debt

Ottawa, Ont.—The public debt of Canada, the nine provinces, municipalities and corporations amounts to \$8,855,596,800, the parliamentary banking committee reported to the House of Commons.

This load of debt represents an annual interest charge of \$121,965,800 at an average rate of 4.77 per cent.

Containing a number of recommendations, chief of which is one that urges a general conversion of Canada's outstanding obligations at lower interest rates, the report also details the debts of the country and those of the provinces and municipalities.

Canada's net debt (Dominion) was placed at \$2,599,039,000 with the annual interest \$121,537,300.

The gross direct liabilities of the provinces totalled \$1,363,382,461, on which annual interest payments amounted to \$62,715,593, while provincial indirect liabilities added a further \$215,977,011, with \$3,071,034 annual interest.

The grand total of direct liabilities

Former Inspector Sentenced

Crime Career Of C.N. Employee In England Is Revealed

London, Eng.—An astonishing career was revealed at Old Bailey, when Arthur Hay, aged 45, former inspector of the Canadian National Railways was sentenced to three years' penal servitude when found guilty of thefts of suitcases from railway trains in all parts of the country, containing property valued at nearly \$15,000.

It was stated Hay was followed 3,000 miles by a railway detective. Among vicissitudes Hay was stated to have been convicted of stealing in 1908, in England, after which he went to South America and worked on a rubber plantation. He joined the Royal Northwest Mounted Police and later served in the Dardanelles during the war.

In 1927 he went to Australia, where he was sentenced to jail for thefts in Melbourne, Sydney and Brisbane. He was also sentenced to six months' imprisonment in Manchester in 1931 for stealing \$10,000 worth of jewelry.

Threw a Bomb

Attempt Is Made To Assassinate

Tientsin, China.—An attempt was made to assassinate Hwang Fu, representative of the National government at Nanking, by a Chinese who threw a bomb as Hwang arrived at the railroad station.

Hwang, reported to be stated as minister to north China from the "banking government, was unhurt, but his assailant was slightly injured by the blast.

The Chinese said he was a political enemy of Hwang.

War Debt Negotiations

President Roosevelt and Sir Ronald Lindsay In Conference

Washington.—Negotiations on war debts were seen in a conference between President Roosevelt and Sir Ronald Lindsay, the British ambassador.

Significance was attached to the meeting in that Director Douglas of the budget, also was present. Secretary Hull and Assistant Secretary Moley, of the state department later joined the president.

Marries Russian Prince

Toronto, Ont.—A Canadian woman, daughter of the millionaire, Robert Pin Butchart, of Victoria, B.C., was quietly married to a prince of old Russia in the private chapel at the residence here of Horace Smith.

The bride was Mrs. Harry Ross, daughter of Mr. and Mrs. Butchart, of Victoria. The groom is Prince Andre Chirnitsky Chibmatoff, son of Princess Olga Chibmatoff, of Paris, France. They met in Paris.

Pledges Co-Operation

U.S. Minister To Canada Presents His Credentials

Mutual expressions of a desire to develop and foster closer relations between Canada and the United States were contained in the formal interchange of respects when Hon. Warren Delano Robbins, new United States Minister to Canada, presented his credentials to the Governor-General.

The Earl of Bessborough received Mr. Robbins in the ballroom of Rideau Hall, official residence of the Governor-General, in a brief but colorful ceremony.

Mr. Robbins pledged his country's co-operation "to encourage an even greater understanding" between the two countries, "and to develop our economic and cultural relationships upon this continent so that they may be of service not only to ourselves but to all nations."

"I feel confident," His Excellency replied, "that with your distinguished assistance and with the co-operation of Canada, of which I can confidently assure you, these aims which our two peoples have at heart in common, may be fully attained."

Motion Defeated

Move To Ban German Goods From Britain Is Rejected

London, Eng.—A move in the House of Commons to prohibit the entry of German goods into Great Britain under the international sanctions clause of the League of Nations covenant was abandoned after an eloquent appeal by Sir Austen Chamberlain.

Geoffrey Mander, National Liberal in Commons, requested a bill to authorize the prohibition of German goods and spoke for five minutes in defence of the proposal.

Sir Austen arose in a tense atmosphere and to the accompaniment of approving cheers appealed to Mander to withdraw the measure, telling him that such steps should be taken only in an emergency and that it was the government's province to decide when an emergency existed.

Mander withdrew the bill.

Lowering Of Tariffs

Minister Of Railways Says Adjustment Will Have To Come

Hamilton, Ont.—General lowering of tariffs and "some" monetary readjustments were predicted by Hon. R. J. Manion, Canadian Minister of Railways.

Reviewing world conditions, the railway problem in Canada and what the government has done towards its solution, Dr. Manion told members of the MacDonald club "a general lowering of tariffs will have to come, and there will have to be some monetary readjustments."

Says No Election

Premier Henry Says No Appeal To Ontario Electors In

Toronto, Ont.—Brief announcement was made by Premier George S. Henry that the Ontario Government would not appeal to the electors in June of this year. "No, we are not going next month," was the Henry declaration.

Notwithstanding the Henry statement, the newspaper says there is every indication around parliament buildings, however, that the wheels of preparation for an election are beginning to gather speed.

MENTIONED FOR BOARD

Justice Charles P. Fullerton, who is mentioned as a possible choice for the new Canadian National Railways Board of Trustees.

Uniform Federal Relief

Premier Bracken Wants Western Provinces To Make Joint

Representations. Winnipeg, Man.—That the three prairie provinces present a combined front to the Dominion Government in asking a uniform federal relief policy, is the hope of Premier John Bracken of Manitoba.

Mr. Bracken following a conference between the provincial government and representatives of Manitoba municipalities, which declared unemployed are growing in numbers and that increased aid from Ottawa is essential, declared he would write the premiers of Alberta and Saskatchewan, suggesting the three provinces make joint representations to the Dominion Government.

Reviewing relief work since 1930, Premier Bracken said 90,000 people now are on relief in Manitoba. More than 60,000 of these were in Winnipeg and St. Boniface, the province's two largest cities. Number on relief had increased 40,000 in the past year, he said.

Found Guilty

Convicts On Trial On Charges Connected With Prison Riots

Montreal, Que.—Marcel Belair, first of 11 convicts to stand trial on charges arising from the fire and riots in St. Vincent de Paul Penitentiary last November, was found "guilty of doing grievous bodily harm," to Guard Albert Miron, by a jury before Mr. Justice Charles A. Wilson in the court of king's bench.

Belair was charged with the attempted murder of Miron during the outbreak at the penitentiary, in which several guards and convicts were injured and prison workshops destroyed by fire.

Penny Saving

Economy In Civil Service Could Save Millions

Ottawa, Ont.—The importance of guarding petty expenditures in the civil service was stressed by Watson Sellar, controller of the treasury, finance department, in the course of an address before the civil service branch of the Canadian Legion here.

"If each of 20,000 civil servants were to undertake to perform his or her duties every day in such a way that the operating cost per employee was reduced five cents a working hour, the saving would take care of over \$40,000,000 of debt," he said.

Germany Accepts British Plan For Arms Convention

Plans World Flight

Wiley Post Will Make Solo Attempt To Circle Globe

Oldhams City.—Wiley Post, co-holder of the round-the-world flight record, announced that he would take off about July 1 in a solo attempt to lower the mark.

A stop is planned at Edmonton, Alberta. The flight, Post said, will be made in the "Moose" in which he and Harold Gatty flew around the globe in eight days, 15 hours and 51 minutes in June, 1931. The plane will carry a new motor.

"I am simply going out to set a new record, my personal ambition," was Post's only comment. "I will have no backer, no manager and no partners."

Instead of a human companion, Post will be aided by a robot which he has been testing for several weeks. Post expects the robot to relieve him of much of the work of flying, leaving him free to navigate and rest.

Under plans announced, the route would be much the same as that followed by Post and Gatty. Post would leave from New York with the intention of making a direct non-stop 3,900-mile flight to Berlin. He then would make a 4,300-mile jump over Russia, which probably would be broken at 2,600 miles for re-fueling. From Russia he plans to fly 2,200 miles over water and ice to Fairbanks, Alaska, and then 1,450 miles to Edmonton and 2,100 miles back to New York.

The rebuilt plane will have a cruising speed of about 170 miles an hour and top speed of 225 miles an hour.

Pay Homage To Loyalists

Premier Bennett Visits New Brunswick For Celebration

Saint John, N.B.—Canada's prime minister came to his native New Brunswick and joined the city of Saint John in paying homage to the United Empire Loyalists who landed on these shores 150 years ago. The sesqui-centennial celebration meant a day of intense activity for Rt. Hon. R. B. Bennett from the time of his arrival in the morning until he entertained for Ottawa at night.

It was a public holiday in New Brunswick, but observance on a large scale was confined to Saint John, where the first great number of Loyalists from New York landed May 18, 1783. The prime minister, a Loyalist descendant and honorary president of the New Brunswick Loyalist society, received the freedom of the city, reviewed military and naval units on parade, and was the principal speaker at an indoor public meeting.

Will Meet Payment

Edmonton, Alberta.—Canadian Pacific and Canadian National Railways have announced they will meet the \$5,400,000 purchase payment for the northern Alberta lines, bought from the provincial government recently, on the due date, June 1. Cabinet members said this would be used by the government in meeting \$2,000,000 in debentures falling due at New York, June 1.

The Soviet Attitude

Moscow, Russia.—While the Soviet Government does not consider President Roosevelt's peace message, which was addressed to President Kaimin among others, as an act of recognition, the general feeling prevailed in Soviet circles that it does provide a very favorable position for reconciliation of Washington and Moscow. The foreign office reserved any comment but a government spokesman outlined Moscow's views upon the American initiative.

A New Spirit Of Optimism For Success Of Economic Conference

Washington.—A new spirit of optimism for success at the arms and economic conferences at Geneva and London was noted privately by American officials as they analyzed reactions to the simultaneous declarations of President Roosevelt and Chancellor Hitler, of Germany and laid plans for their next moves.

From eight more nations, including Germany and Italy, the United States president received replies to his appeal for disarmament and peace. They brought to 20 the number of sovereigns and presidents who have replied to the cablegram addressed to the rulers of 54 countries.

King George graciously acknowledged receipt of the message, adding that he had communicated it to governments of the British empire's component parts.

President Paul von Hindenburg's message was noted particularly because of the key position occupied by his country, with France, in the Geneva arms discussion.

"This declaration, in which you show the world the way to eliminate the international crisis, has met with hearty approval throughout Germany," Hindenburg's acknowledgment said.

In a note understood to convey the views of Premier Mussolini, the Italian government said it was ready to join United States and other countries in bringing about realization of the president's plan, "in the most expeditious and efficient way."

The next move by United States in the arms situation is expected to be made at Geneva.

NOTES AND COMMENTS

"Happiness grows at our own firesides and is not to be picked up in strangers' gardens."

Many seek pleasures here and there, and fail to receive that satisfaction of mind and spirit which comes from the atmosphere of a well-ordered home. The comparatively trivial things of life are sought after, while the fundamental principles of happiness are overlooked.

Last Sunday Bishop Doull addressed congregations at Fernie and Michel. For eighteen years he has been a good shepherd to his flock in the Diocese of Kootenay, and though his years of usefulness are far from ended, he considers that the church's work will be better served if he makes way for a younger man to administer the large area of which he is bishop.

Those who heard him received a new grasp of the real meaning of life. It is a good thing to receive inspiration from one whose life bears testimony to the efficacy of the gospel which he has preached. Very significant was his statement that the world must choose between "Chaos or Christ." There may be many roads bearing signposts to remedies for the improvement of conditions, but to where do they lead? In his opinion, in which thinking people will agree, the only signpost which will lead to world recovery is the one which points to the straight and narrow way. All others will only lead to a cul-de-sac, blind alleys which will leave the world facing the same problems as heretofore.

A community effort in which the profits of goodwill exceeded, in more lasting value, those of a material nature, was the outstanding holiday event of the Crows Nest Pass. Victoria or Empire Day was appropriately celebrated. The lessons of loyalty and duty to one's country, by birth or adoption, were admirably demonstrated through the children's programs. Nowhere is a more gripping heart appeal made than through the children, verifying the truth of the familiar sentence—"A little child shall lead them."

Girl Guides and Brownies programs were splendid testimony to the small group of ladies in Coleman who have given much time in training the girls. Such efforts serve a double purpose. They create higher ideals in young minds, and arouse keen interest among parents. These activities all tend to make Coleman a better place in which to live and blend various factions into one band of mutual support.

Not by what we get out of a community, but from what we put into it, do we really profit. There is much truth in the slogan: "He profits most who serves best." The man who seeks only material profit may not grasp the vision, and thereby in the final analysis is the loser of his own soul and faith in mankind.

Though Fernie has its back to the wall, Mayor Douglas bravely maintains the effort to keep the city's credit good. On June 1 debenture interest falls due on which apparently there is not sufficient money in sight to meet it. The mayor fears a default, and warns the ratepayers that a commissioner will probably be appointed to collect from those who have assets. Its liabilities for public works run into quite a large sum. With falling revenues it is difficult to see how the interest can be met. The mayor has a most unenviable responsibility.

A word from the Citizens League executive to those business men who take no active part in community activities is passed along. A sports day is under discussion. As in the recent carnival, so for July 1, many will give their time without thought of reward, except the satisfaction of doing something worth while. If ALL of the business men desire to see a sports day, they must ALL be prepared to contribute towards it. Some take the cream; others do not even get skim milk. Willing workers keep a town on the map. They deserve 100 per cent. support.

If this or any other town furnishes a market for goods or service of any kind, it is worth paying a small license or fee for the privilege of doing business. This principle The Journal maintains is fair. Every merchant is subject to competition from the itinerant traveller or seller who has something to sell. These people do not maintain any store of office, they spend no money in the development of the community, give to no community appeals, yet derive a revenue for which they contribute not a cent, if they can avoid it. Instead, they employ every argument as to why they should not pay when efforts are made to collect. Is it fair to the local business houses with which they compete? By-laws, once placed on the town records, should be adhered to.

"The worst bankrupt in the world is the man who has lost his enthusiasm. Let him lose everything else but enthusiasm and he will come through again to success."—H. W. Arnold.

Sale of Timber

PUBLIC NOTICE is hereby given that there will be offered for sale by public tender at the office of the Provincial Forest Ranger at Coleman, Alberta, at 2:00 o'clock on Thursday afternoon, June 1st, 1933, the right to cut timber under Sale No. 204 on the following lands: Sections 19 and 20 in Township 7, Range 4; Section 24 and the South half of Section 25 in Township 7, Range 5;

All west of the 5th Meridian. On these lands there is estimated to be 1,500,000 Lineal Feet of dry Mine Props and 2,250,000 Feet, Board Measure, of dry Saw Logs suitable for the manufacture of Mine Props and Lumber, also Logging, but only such timber shall be cut as is marked or otherwise designated.

The sale will be offered subject to an upset price of one-quarter cent per lineal foot for Mine Props. Saw Logs will be sold at \$1.00 per 1,000 feet, Board Measure, and Logging at 50c per cord. The sale shall be for one year, but provided operations are conducted in a manner satisfactory to the officers of the Department and payments are being met satisfactorily, extensions to operate may be granted for a second, third, fourth and fifth year, but no further extension shall be granted.

Each bidder will be required to deposit with the officer conducting the sale a sum of \$50.00 in cash, bank draft or accepted cheque made payable to the Director of Forestry, Edmonton, Alberta, before being allowed to bid. Agents will be required to file letters of authorization from their principals before bidding. The deposits of the unsuccessful bidders will be returned to them at the conclusion of the sale and that of the purchaser held as a guarantee deposit to be forfeited in case of failure to comply with the conditions of the Forest Reserve Regulations.

Full particulars may be obtained from the Forest Supervisor at Calgary, Alberta, or the Director of Forestry, Edmonton, Alberta.

J. HARVEY, Deputy Minister. T. F. BLEGEN, Director of Forestry. Department of Lands and Mines, Edmonton, Alberta, April 26th, 1933.

Mr and Mrs A. L. Watkins returned on Thursday to Edmonton after spending a few days here with Mr and Mrs. James Ford, parents of Mrs. Watkins.

Charlie Graham came down from Lacombe last week. About six months ago his car was stolen from Lacombe, and just recently was recovered in Calgary by the city police.

The band boys expressed their hearty thanks to Frank H. Graham for his gift of candies and cigarettes for playing on the street. Frank can always be depended on to boost a good thing for the town.

Golfers from Coleman playing at Macleod on May 21 included R. F. Barnes, J. A. McLeod, G. Pattinson, H. C. McBurney and W. L. Rippon. Coleman were the winners by an easy margin.

The Slavonic National Benefit Society held their annual decoration day on Sunday, May 21, when they paraded to the cemetery after assembling in the lodge room, and placed flowers on the graves of departed members.

Mr. and Mrs. Frank G. Creagan have a newly adopted son, a bright little fellow who was brought from Edmonton, and who is quickly accustoming himself to his new environment. And his name is Stanley.

Coleman football team and a number of supporters went to Coal Creek on May 21 and played to a draw of 1-1, Jimmy Anderson scoring the goal for Coleman within ten minutes of the finish. This was a league game.

Margaret Allan returned with her parents from Edmonton, following the graduation exercises at the university. She has one more year at Edmonton, which will complete four years of study to fully qualify as a high school teacher. Her many friends in Coleman congratulate her on her graduation, and wish her success in her profession.

Coleman tennis club players at Clareholm on May 28, with visitors, included R. Shone, F. G. Creagan, J. Williamson, Mr. and Mrs. Lindoe, Mrs. A. E. Graham, Mr. and Mrs. Sidney Short, Mr. and Mrs. A. F. Short, W. Balloch, G. Jenkins, C. Roughhead. Players from Clareholm will pay a return visit, probably for the July tournament.

M. D. Otty, of Vancouver, western sales manager of the Dixon Penell Co., of Newmarket, Ont., was here this week, in company with Bruce M. Buchanan, salesman for W. J. Gage & Co. Ltd., of Toronto, making a business call on The Journal. Mr. Otty arranged with The Journal to represent their company in the Pam towns, and retailers or offices requiring quantity supplies of any grade of pencils in all colors may obtain same through this office.

Rt. Rev. L. Ralph Sherman, D.D.

who will confirm candidates at St. Alban's church on Monday at 8 p. m.

Local News

It takes distinctive type to give distinctive, clear printing which commands attention. A lot depends on the impression which your printed matter gives, as to the ultimate results to be achieved. See The Journal printing department for printing of all kinds, from a visiting card to a full sheet poster in two or three colors.

The times have thrown thousands of printers out of steady work, and to make conditions worse, small daily advertising sheets have been resorted to. Thus more regular printers are thrown out of work as in places where there is barely enough work to keep the reduced staff of local weeklies employed, these new "fleas" only result in further reductions of staffs and the demoralizing of standards and ethics—Exchange.

THE Gift OF LIFETIME USEFULNESS

Remington Portable
Typewriter

SELECT a gift this year that will be used and appreciated always... choose a Remington Portable! For child or adult, professional man or student, here is a present that will be a constant reminder of the donor's thoughtfulness. Beautiful—colorful—durable, the Remington is the smallest, lightest, most compact portable made. Several smart color combinations. Handsome carrying case. Convenient payment plan.

LOCAL AND GENERAL

Miss Evelyn Stout spent a few days visiting friends in Lethbridge last week.

Mrs. R. P. Borden was welcomed home this week from Edmonton by her family and many friends after several weeks in hospital.

Major Kenneth White, of Regina, inspector of western airways, was here last week, leaving for Cranbrook and Princeton on Sunday.

Winona Taylor was awarded second place in the musical festival at Lethbridge in the class for Girls' Soprano, being awarded 77 points, which is highly satisfactory.

50c to the first person discovering the purposely misspelt word in one of the store advertisements. Mark same on copy of Journal and bring or send to office.

Mrs. Dewar, Mrs. W. Johnson, Mrs. Pattinson and Mrs. Rippon motored to Banff to attend the annual convocation of the provincial grand chapter.

Mr. H. A. LeRoy, manager of Triter-Wood Co., Michel; Miss Florence and Herb LeRoy, and Mr. and Mrs. George LeRoy, spent the holiday in Coleman, guests of Mr. and Mrs. H. T. Halliwell.

Greatest Reindeer Trek In The History Of The Arctic Regions Is Now Nearing An End

Greatest reindeer trek in Arctic history nears its end.

Its story is a thrilling saga. Lapp and Eskimo reindeer punchers battled cold and blizzards and starvation and wolves for three and a half years in a merry feat which will mean permanent food supplies for dividing Eskimo population of the northern rim of Canada.

It now looks as if 3,000 reindeer, a sturdy animal easily domesticated, will be successfully delivered at the government's new reindeer reserve east of the Mackenzie delta early next year.

Back in 1926 the plight of the Canadian Eskimos reached a point where Ottawa decided the northern native must have permanent food supplies. Eskimos faced decimation. Caribou migration had taken heavy toll. Porcupine brothers, two Arctic biologists, were employed to survey Canadian reindeer ranching prospects. They finally recommended an area 15,000 square miles in size, just east of the Mackenzie's great northern delta. There deer moss abounds and many other natural advantages were reported.

Three years later, when investigations were complete, Ottawa contracted with Lomen brothers, Alaskan reindeer pioneers, for delivery of 3,000 Alaskan deer. The Lomen firm was offered \$60 each for deer delivered on the Mackenzie reserve.

Within six months a herd of 3,000 healthy animals had been rounded up in the Buckland Valley on the west coast of Alaska. Fully 1,800 males by coast line from the northern Canadian border. The herd started its slow trek east, with native herders and sturdy shepherd dogs following a route fixed by an aeroplane survey. They thought they could reach Canada in a year and a half. Already three years and a half have passed and it will be another year before the herd is delivered at the reserve.

Skiing reindeer punchers more than once faced death.

They took their wives and children with them.

One child died.

They had 3,000 adult deer when they started.

Wolves, storms and pressing food needs cut 1,000 from that total. But sturdy skiers reached Canadian territory this spring with 2,000 of the original herd and 300 young deer.

Wolves frequently cut into the big herd, killed off 100 deer in one winter. Wolves would raid the herd, kill six or seven animals, stop to devour what they wanted and come back for more.

Two years ago more than 500 reindeer were lost in a storm. Herders pursued them, ran short of food and subsisted for a week on a cup of flour and bits of hard dough scraped from their equipment. It was six months before the lost deer were finally returned to the herd.

Tom Wood, Eskimo camp manager, was lost for three days in a storm in that country temperatures are often as cold as 70 below zero for days at a time. It is an unpeopled uncharted waste, terror of Eskimo and white explorer alike. Wood faced death. He is a man of intelligence who had been to a mission school in Alaska. His strength ebbing, the Eskimo fell to his knees in the storm.

He prayed to God.

Today he says that, through the storm, he saw the dim figure of a woman.

He struggled to his feet pressed on, found a white trapper's igloo. The trapper's wife, by chance, had stepped outdoors for a few moments and the Eskimo had seen her. She had not seen Wood.

But the Eskimo had seen the woman and feels it was God who answered his prayer.

Eskimos were reindeer skins throughout the long journey. It is almost impossible to freeze in such clothing. They were forced to ski rapidly to round up straggling deer, found themselves perspiring in sub-zero weather. Their double parkas were damp with perspiration for days but the Eskimos and Lapps pulled through.

It was a terrible trip. Two crews of herders were forced to quit. Now near Herschel Island the herd is in charge of Andrew Bahr, veteran Lapp boss, and Tom Wood, Alaskan Eskimo, camp manager. There are three other Lapp herders and three Eskimos, besides families of Eskimos and Lapps. When they arrived there the Eskimos asked only for hymn books

Patient Almost Bosses Job

New Gadget Makes Him Master Of Dentist's Drill

Painless dentistry—almost—with the patient the boss of the job, is the latest gift of science to man. With the new gadget, the patient with the aching buccal or rear molar, sits in the dentist's chair holding a remote control switch with which he can shut off the drilling when he desires.

The dentist now becomes a fixture like a radio or victrola to be turned off when he begins to "get on your nerves."

"The remote control has this advantage," J. C. Forstner told a group of skeptical practitioners clustered around a working model of the contraption at Atlantic City. "It enables a dentist to render services pleasantly and it enables the nervous patient to keep calm through the knowledge that he can stop the drilling at any time."

"The patient with the confidence inspired by having remote control in his hands acquires as much moral courage that he can stand much more pain than he could without it."

Historic Barracks Removed

Wreckers Raze Building Occupied By Mounties Half Century Ago

Old and rickety, the last building in the group occupied by the Royal North West Mounted Police, at Medicine Hat, back in 1885, has been destroyed.

Fifty years ago it was the officers' mess and stood alone long after fire had destroyed the other police buildings which in their day were the protection of peaceful settlers against roving bands of Indians and border outlaws. The buildings were constructed by the Galt Coal Co. of lumber brought into the settlement shortly after the Canadian Pacific Railway was built to Medicine Hat.

Complement of the police posts at Fort Macleod and Fort Walsh, the officers' mess building just missed being perpetuated as a clubhouse for golfers. It was a bit too distant and the plan was dropped. Now it has been removed and the last of the police buildings has taken its departure.

Using Fifty-Foot Craft

Man Who Crossed Pacific In Chinese Junk Plans Another Trip

Captain Robert Ward, veteran Pacific Ocean navigator who left Victoria last September for Hong Kong by liner, will essay the return journey in a 50-foot sailing craft, now under construction, according to word received.

The route of Captain Ward's trans-Pacific voyage has not yet been determined. It is believed he will take the same course as when he sailed the 65-foot "Coquette" to Victoria from the Orient two years ago. At that time he took a southerly course to Honolulu, calling at a number of South Sea Islands.

Captain Ward is famed for his feat of sailing a Chinese junk across the Pacific to Victoria, thence through the Panama Canal to New York, more than 10 years ago.

Might Come Cheaper

"Your teeth are in bad shape," said the dentist. "You should have a bridge put in at once." "How much will a bridge cost?" "About seventy-five dollars." "Say, doctor, can't I get along with a small culvert?"

More Ships From Churchill

Volume Of Traffic Expected To Exceed That Of Last Year

At least twice as many ships as last year will load at the port of Churchill during the present season, according to information received by the Saskatchewan traffic council at a meeting held in Saskatoon.

Last season 10 boats visited the port. It was announced that the Dalgleish Steamship Company had now arranged for the first boat, the S.S. Pennyworth to load at Glasgow, July 17, Newcastle-on-Tyne July 25, and at Antwerp July 28. The company expressed willingness to open the season one month earlier than last year if the underwriters were willing to extend the open dates for hull and machinery insurance in the same manner as Lloyd's were willing to underwrite import and export cargo.

Regarding ocean freight rates to Churchill, announcement was made that the Dalgleish Company was prepared to accept the same ocean rates from British and continental points as was applied to Montreal. This was the same arrangement as was made last year.

The relation of the reduced marine insurance rates recently obtained by the Saskatchewan government contract by negotiation with Lloyd's to the development of export traffic in flour, millstuffs, livestock and packing house and dairy products was considered by the council.

Import tonnage of various commodities during the coming season was considered in detail. The opinion of the meeting was that the total volume of export traffic would considerably exceed the 1925 tonnage. George H. Smith, traffic representative of the Hudson Bay Route, who acted as secretary of the meeting also reported that arrangements were being completed to take care of anti-livestock large movement of livestock through Churchill to Birkenhead and Cardiff markets.

New Light On Evolution

Discovery in a gorilla of a brain of higher type than ever before found in an animal—nearer the human brain weight than any similar ape's brain on record—was announced by the Smithsonian institution.

It sheds new light on the evolution of the animal brain upward toward the human level, thought giving no direct evidence of relationship of men and monkeys. The brain belonged to a little three-year-old baby gorilla, that died several months ago at the Washington zoo. It was studied by Dr. C. J. Connolly, of Catholic University of America.

Canadians Are Healthy

Record Health In Canada In 1932

The year 1932 was a record health year in Canada. In the face of increasingly unfavorable business conditions. This is indicated by the very low death rate, which prevailed among nearly 1,250,000 Canadians insured in the Metropolitan Life Insurance Company. This large cross-section of the Canadian population gives a true health picture of the population in general. It was said. The death rate of these insured Canadians last year was 7.7 per 1,000, a decline of 4.3 per cent. from the previous minimum recorded in 1931.

SOVIET TRADE DELEGATION LEAVES ENGLAND

Two hours after the British engineers from Russia reached England the Russian Trade Delegation in London left for Moscow without being able to arrange a new trade pact with the British Government. The group above shows the Soviet Ambassador to England, M. Malin, on the extreme left, while the head of the delegation, M. Ozerak, is shown holding a bouquet of flowers.

Aeroplanes Will Be Used In A New War To Be Waged In Effort To Exterminate Locusts

Old Practice Becomes New

Need Of Hard Grit In Poultry Nations Again Stressed

Some time old practices become new again. That can be said of the use of insoluble grits in the poultry ration. For a time there was a swing away from the use of insoluble grits, authorities claiming that because it did not dissolve in the crop, gizzard or intestine of the chicken it had no value and should be omitted from the ration. Only soluble stones that furnished lime or other minerals were recommended.

Now it has become evident that chickens must have a hard grit if they are to do well. That does not mean that minerals are not needed in the ration, but it does mean that a hard grit must also be provided. This is especially true with chickens raised in confinement where they cannot possibly pick up stones and rock fragments from the soil of the range. The insoluble grit acts as teeth for the chickens in the gizzard. It helps to grind up food and therefore has a tendency to prevent crop bound conditions. The presence of the grit makes the gizzard hard and muscular, insuring healthy action of the nitre system.

Strange Coincidence

Wheat Loader Gets Same Car Twice On Different Occasions

K. H. Johnson, Alberta wheat pool agent at Corinch, is wondering when it is going to happen again.

On August 23, 1932, Johnson loaded a railway car, No. 504457, with No. 2 wheat for Vancouver. On September 27, 1932, he was loaded No. 2 wheat again for Vancouver when he noticed it was car No. 504457.

Co-incidence it might have been, but now Johnson is talking about his "double." He loaded car No. 504485 with No. 2 wheat for Vancouver January 9. And a few days ago car No. 504485 came back again to be loaded with No. 2 wheat for Vancouver.

Odds against the same car returning to the same shipping point to be loaded with the same wheat for same destination in the same crop year are in the thousands.

Amateur Broadcasting

Simplified Method Of Sending Messages Developed In France

An automatic radio, immensely simplifying the process of sending messages, has been developed in France. The apparatus can be operated by anyone knowing how to read, obviating the necessity of a trained wireless operator. It works by means of knobs, which are turned like the knobs on a radio receiving set. The letters of the alphabet and various signals are printed on a dial turned by a knob, messages thus being spelled out.

The rat population of the world is estimated at 10,000,000,000 as compared to some 2,000,000,000 human beings.

The pineapple will not grow where the frost bites.

Russia estimates that its present population is 127,000,000.

In a fresh war which science is waging against locusts, the insect pests which cause such widespread destruction, the speed of air transport is now playing a valuable part.

Experts at the British war office chemical department on Salisbury Plain are studying methods by which locust swarms may be exterminated while on the wing, and it was in connection with these experiments, just lately, that it was desired to obtain as quickly as possible a considerable number of live locusts.

To meet this demand the government of Kenya shipped several crates of insects to London by Imperial Airways. Only seven days after arriving been put on board an air-liner at Nairobi, the locusts were unloaded at the Leeds airport, and were sent immediately to the research laboratories on Salisbury Plain.

Here it was found that, though a certain number had died on the journey, there were sufficient left alive to provide material for a number of important tests, during some of which the insects were placed in wind-tunnels and subjected to a spraying treatment with cresote, and also with sodium arsenite dust.

The idea of the present experiments is to discover improved methods for dealing with the locust plague in Africa, and more particularly to evolve methods whereby aeroplanes can attack locusts when they are on the wing and destroy them by releasing clouds of chemicals which are found to be most deadly in their effect. African administrations are assisting actively in this new campaign, which is of considerable importance to them, seeing that during the past few years it is reckoned the damage caused by locusts had amounted to more than £8,000,000.

Result Of Old Feud

Embittered Forest Dwellers In E-g-land Blast Forest Fires

It is said that the constantly recurring fires in Ashdown Forest are the result of a feud that dates from the time of Henry the Eighth, who gave the peasant grazing and other forest rights for tending the deer he hunted.

The feud is being waged, according to the many people who have been spoken to, by embittered forest dwellers.

These men feel that the forest is their heritage, and that property owners are gradually taking it away from them. They are fighting for it with fire.

They have lit fires in Ashdown Forest for many years, but recent abnormally dry weather has given the fire-railers greater opportunities for destruction this year.

Nearly 2,000 acres belonging to wealthy people have been set alight during the past few weeks. Ashdown Forest covers approximately 7,500 acres.

A reporter discussed the motives for each fire, and discovered specific reasons in each case.

One of the Ashdown Forest conservationists who spoke of the feud declared:

"In the olden days many smugglers hid in the forest and spent their lives defying law and order. The same spirit seems to live on.

"These fires are being lit through sheer jealousy." The board of conservationists represents the parliament of Ashdown Forest and administers law and order. It is therefore the natural enemy of the men of the forest, and is defied."

Butter Conference Suggested

Suggestion that a conference between Canadian and New Zealand representatives of affected territories be held in New Zealand in an attempt to iron out difficulties concerning the importing of butter from the southern dominion into Canada, was made in a resolution adopted by the annual meeting of the British Columbia division of the Canadian Manufacturers' Association in Vancouver.

Inquiry From Jamaica

A letter was received recently by the Regina Board of Trade from Kingston, Jamaica, asking if any Saskatchewan factories could quote prices on orange crates knocked down into bundles. "If they make egg boxes they can surely make orange crates," says the letter.

Vegetables are being dried by a new process in Sweden to preserve essential vitamin contents.

By Ruth Rogers

THE NEW MODE IS JUST AS KIND TO THE CHILDREN AS THE ADULTS

Any little miss would adore this jumper dress. It delights in the fact that it is an exact copy of the grown-up mode. It is fashioned of a tweedy cotton in navy blue and white.

The tailored blouse chooses white cotton broadcloth. The circular swaying skirt necessarily attracts much attention with the growing miss, who so loves to feel important in clothes of smart sophistication.

Style No. 187 is designed for sizes 6, 8, 10 and 12 years. Size 8 requires 2 1/2 yards of 30-inch material for dress and hat, with 1 1/2 yards of 35-inch material for blouse and 1 1/2 yards of binding. It's cute carried out in grey linen with a short-sleeved guimpe of yellow linen.

Price of pattern 20 cents in stamps or coin (coin is preferred). Wrap on carefully.

WORLD HAPPENINGS
BRIEFLY TOLD

Orange juice produced in the British West Indies and imported direct to be admitted into Canada free of duty.

Recognition by parliament of the services of Captain J. E. Bernier, veteran Arctic explorer, was suggested in the senate by Hon. J. P. B. Casgrain, of Montreal.

All German ships have received orders to fly the swastika flag on the Pacific, and the first vessel to do so in Vancouver harbor was "Ms. Oakland."

The immigrant resident population in Canada at the date of the census of June 1, 1931, numbered 2,307,535, of which more than 51.15 per cent. was found west of the Great Lakes.

The United States air mail service was 15 years old May 15. The government observed the anniversary by putting to use a fleet of new tri-motored "three-mile-a-minute" planes on its coast-to-coast service.

An 80-foot totem pole, one of the finest of its kind, has been presented to the Quebec zoological gardens at Charlebourg by the Zoological Society. It comes from the Nass Valley of British Columbia.

Robert Avery Chipman, Winnipeg, now doing post-graduate work in engineering at McGill University, has been awarded the McGill Delta Upsilon Memorial scholarship. The scholarship is worth \$900.

With a view to encouraging commercial fur farming on a large scale in Manitoba, an area of 22,000 acres between The Pas and Lake Winnipegosis will be leased under terms "favorable" from the point of view of the prospective fur rancher.

Commercial shipping between France and Canada, and the travel of business agents between the two countries, will be facilitated by a convention signed recently, as a companion pact to the Canada-France trade agreement.

Proof that a goodly number of patrons are still able to pay substantial prices for coveted works is provided in the Royal Academy sales to date. One hundred and forty exhibits brought a total of \$5,420 this year as against \$4,720 to the same date last year.

C.P.R. Chief Praises Roosevelt

M. W. Beatty, President Of The C.P.R., Looks For Early Upturn Of Trade

E. W. Beatty, president and chairman of the Canadian Pacific Railway, has praised the "courageous and vigorous actions" of President Roosevelt and of the congress of the United States as well as the recent trade conversation between the president and Premier R. B. Bennett.

In an article contributed to the "Boston Transcript," Mr. Beatty analyzed Canada's railway problem, expressed hope in the forthcoming economic conference, and said he looked for an early upturn in the volume of trade between Canada and the United States.

"I have no doubt that the economic situation will steadily, if slowly, improve and that a more or less free interchange of commodities between various areas will commence to make itself felt over the next few months."

It is reasonable to suppose, also, that it will not be long before we see the start of an upturn in the volume of trade between Canada and the United States.

"I am one of those who look hopefully towards the world economic conference, having something more than a small faith in the common sense of the men who are in positions to direct the struggles of the great nations towards economic salvation, and I am thus assured that our serious economic difficulties will soon be observed to take on a less formidable aspect, the troubles of our railways will be accordingly lightened, and we shall then be faced with the still hardly less though provocative matter of competition in transportation. Railway executives have already directed much consideration and effort in this direction, and results have not been without considerable encouragement."

Fur Auction Failed

Jewish retaliation to Germany's anti-Semitic movement took a formidable form when the long-renowned Leipzig fur auction proved a complete failure as a result of an international boycott arranged by Jewish buyers.

Alfalfa is able to live for thirty years or more under favorable conditions.

W. N. U. 1995

Radios In Great Demand

Next To Flour They Constitute Biggest Shipments To Arctic

Radios constitute the biggest shipment of goods, next to flour only, sent into the arctic and traders now buying their stocks in Winnipeg to go north are purchasing all the battery radios, new and used, they can get their hands on.

"The northland," said Col. Jim Cornwall in an interview at Winnipeg, "is going radio-mad. Every last Indian in the bush country and every Eskimo in the barren lands wants a radio. They will pay any price for them and some of the traders, I fear, are profiteering."

"I know one trader who sold a radio for six white fox skins. These fox skins are worth their weight in gold and then some. But so is the radio and, of course, there is a lot of work about carrying the instruments and the heavy dry cells across the portages east and west of the Macleod River."

But the radio, Col. Cornwall explained, is transforming the northland. No longer do the inhabitants sit in silence through the months' long winter arctic night. Instead they tune in and the reception is as clear as a bell. No clanking trolley cars, no interference from the telephone next door.

Col. Jim Cornwall is a pioneer of the north. His picturesque name, "Peace River Jim," was given him when the Peace was weeks' travel beyond the rim of civilization at Edmonton. He was the first modern white man to realize the possibilities of the country.

By Ruth Rogers

CHARMING LITTLE MODEL, 30 DAINY YET SO PRACTICAL. Again puffed sleeves for the debaucher, dubs and youthful women types!

The bodice shows preference for basque effect. And isn't the V-neck becoming?

Note how prettily the skirt is cut with panels at the center-front and the center-back. This smart arrangement gives lovely height to the figure. A crepe silk print in orange and white made the original. It is very gay and smart.

Then again, you may be planning on a plain crepe skirt. You won't make any mistake by choosing pale grey, dawn blue or fern green. Style No. 864 is designed in sizes 12, 14, 16, 18, 20 years, 36 and 38 inches bust. 36 requires 3 1/2 yards of 39-inch material.

Price of pattern 20 cents in stamps or coin (cash is preferred). Wrap coin carefully.

Prominent Westerner Dies

Herbert J. Hardie Was Well and Favorably Known To Western Canada Printing Industry

The best known personality to visit from time to time the publishing houses of western Canada, from the Great Lakes to Victoria, B.C., Herbert J. Hardie, known as "Herb" to his many associates, died suddenly Saturday afternoon, May 6th, age 63 years. Death occurred at his family residence, 999 Grosvenor Avenue, Winnipeg.

Mr. Hardie had been confined to his home for a few days with a heart affection. He had never been sick a day in his entire life and the ailment was not considered serious. He had been to the room of a daughter who had been ill for some time, and carried a tray to her with her evening meal. Setting the tray down on a table, in his own room Mr. Hardie laid down on the bed and died in two minutes. Mrs. Hardie made the tragic discovery.

Mr. Hardie was born in Caledonia, Ont., but when quite young located with other members of his family at Tilsonburg, Ont. There he received his education in the public and high school.

On Christmas Day, he was married, the bride being Miss Nellie Becker, and shortly after the young couple came to Winnipeg. Mr. Hardie having secured a position in the Free Press as accountant in the business office. He remained with the newspaper for six years. At the end of that period he joined the staff of the Toronto Type Foundry Co., succeeding J. C. Cromb, who had been in the same position for the past 35 years.

He travelled extensively and was known in every daily and weekly publishing house in western Canada. He was keenly devoted to the interests of the company, and his pleasure and entertainment interfered with his duties as a business man, business always came first. He was very successful and no manager of a branch in Canada was more highly regarded than was Mr. Hardie by the organization for whom he worked.

Mr. Hardie was a member of the Winnipeg Press Club, the Graphic Arts Association, the Western Canadian Club, the Carleton Club, and the Rouge United Church. At Sunday night's service in the edifice, Rev. A. Eardley, the minister, referred feelingly to the loss sustained by the congregation.

Exemptions On Taxes

Applies To Cheques Issued For Milk, Cream Or Eggs and Poultry

Further exemptions to the tax on cheques, money orders and postal notes were approved by the House of Commons at Ottawa, when the special War Revenue Act was put through its final stages. Hon. E. N. Rhodes, Minister of Finance, moved an amendment exempting cheques issued for milk and cream to producers, and cheques issued in payment of eggs or poultry by egg or poultry exchanges to producers. A similar exemption for milk and cream to producers, and cheques issued in payment of eggs or poultry by egg or poultry exchanges to producers. A similar exemption for milk and cream to producers, and cheques issued in payment of eggs or poultry by egg or poultry exchanges to producers.

"At the same time," he added, "there is a similar exemption in the case of money orders, and also a similar exemption in the case of postal notes."

The minister also added a clause to the bill which makes it clear that farmers' mutual insurance companies, which have been exempted from the provisions of the act insofar as fire insurance business is concerned, are also exempt in respect to wheat insurance.

Hop growers in Fraser Valley, British Columbia, average about 1,200 bushels per acre, but in some instances the yield has reached a ton per acre.

PUBLISHER PASSES

Herbert J. Hardie
Manager of Toronto Type Foundry Co. Western Branches, whose death occurred in Winnipeg.

Surviving are a widow and five daughters, Miss Irene, Lucille and Jean living at home; Mrs. Jackson L. Briggs, Toronto; and Mrs. Chester Stovel, Winnipeg. Three brothers and one sister are also living: Dr. Elgin L. Hardie, Toronto; Dr. R. A. Hardie, United Church medical missionary at Seoul, Korea; W. A. Hardie, Vancouver, B.C.; and Eva H. Hardie, missionary of the United Church, at Morababad, India. Mr. Hardie had been a resident of Winnipeg for the past 41 years.

George H. Saults, secretary of the Graphic Arts Association of this city, said today: "Mr. Hardie could be regarded as one of the most successful of the young men who had come from Ontario to the West and made good. He had a wide acquaintance with the publishing business from Port Arthur, Ont., to Vancouver Island. There was not a printing or publishing office in that wide stretch of country which did not know Mr. Hardie personally and on which he had not made from year to year a business and social call. He was a member of the Weekly Press Association from the inception of the organization and attended all their conventions. In the early days he was an active member of the Western Canadian Press Association. He never rested when business had to be done, and one might say he 'died in harness.' His entire life had been an extraordinary business success and he sacrificed himself in the end for his business."—Winnipeg Free Press.

Recipes For This Week

(By Betty Barclay)

LEMON MUFFINS

Juice of 1 lemon.
1/4 cup lard.
1 egg, beaten.
1/4 cup sugar.
4 teaspoons baking powder.
1 cup milk.
1/2 teaspoon salt.

Cream lard, sugar and salt together. Add egg, then milk, last baking powder and flour stirred together three times, then lemon juice. Beat until smooth. Bake in hot oven about 25 minutes. This will give you from 12 to 15 delicious muffins.

FRUITADE

(Individual Service)

2 tablespoons crushed pineapple or pineapple juice.
1/2 cup orange juice.
1/2 cup water.
1 tablespoon sugar.
1 tablespoon lemon juice.

Drain pineapple, if canned, but do not extract all juice. Add lemon and orange juice, water and the sugar. Strain and serve very cold.

Berlin and Manila, 6,400 miles apart, have been connected by radio-telephone.

Teachers of Scotland are fighting further salary cuts.

SUNDAY SCHOOL LESSON

MAY 28

JESUS AND HIS FRIENDS

Golden Text: "Ye are My friends, if ye do the things which I command you."—John 15:14.

Lesson: Mark 13:1-14:9.

Devotional Reading John 15:17-19.

Explanations and Comments

Plotting Of Priests and Scribes, 14:1, 2.—Two days before the Passover Feast (which was still known as the Feast of Unleavened Bread, because for the seven days during which it lasted no leavened bread was eaten), the priests and scribes met and discussed how to seize Jesus craftily and kill Him. The deed would have to be done quickly, they decided, before the feast began, for they feared a tumult among the people; if this could not be, then it must be postponed until afterwards, they thought. The proposition which Jesus finally brought them, "verily I say unto you, one of you which would avoid the uproar."

The Anointing At Bethany, 14:3-9.—In Bethany, Jesus was the guest of one named Simon still known as the "leper," to distinguish him from other Simons, though he must have been cured of leprosy or of his guests would have been made ceremoniously unclean. Similarly Matthew was called the publican after he had left his tax-collecting. To the feast came a woman whom we know from John 12:3, was Mary, the sister of Lazarus, who brought, who brought with her an alabaster flask filled with very costly ointment, pure nard. Breaking the flask, which was worth about a stopper, she poured its contents over the head of Jesus. John tells us that she anointed His feet and wiped them with her hair, and the house was filled with the odor of the ointment.

The disciples, and especially Judas, as John tells us, were indignant, calling it a useless waste. They said the ointment could have been sold for three shillings and that sum given to the poor. The word in the Greek which is translated "alms" denotes a coin worth still eight pence half penny, or nearly seventeen cents, the Margin of the Revised Version tells us, and it was the wage for a day's labor. Dr. A. B. Bruce explains that it was a woman's act, and they were men; that she was a poor, and they were somewhat prosaic. They murmured against Mary, spoke harshly to her, but Jesus praised her. "Let her alone; why trouble ye her?" He cried. "She hath wrought a good work on Me."

They could always help the poor, for the poor would never be lacking, but Himself they would not always have. Jesus knew that Judas was not uttering a prophecy about the poor, He was merely stating a fact that was, and still is, very conspicuous in His land.

"Our Lord and Master," When He departed, left us in His will. As our best legacy on earth, the poor. These we have always with us; had we not? Our hearts would grow as hard as are these stones."—Lancelotti.

Funds For Relief Work

Additional \$350,000 For Use By Department Of National Defense

An order in council tabled in the House recently, authorized the expenditure of an additional \$350,000 on the relief work entered into by the department of national defense, and an increase in the number that may be employed to 12,500. The work is to be finished on June 30, according to the plans.

Last fall an order-in-council authorized expenditure of \$700,000 for this purpose, the work to be the laying out of emergency aeroplane landing fields in the more isolated regions across Canada.

Future Of China

Predicts Nation Will Be Split Up Into Two Great Regimes

Possibility that China would be split up into two great regimes, a monarchist government in the north and the present republican administration in the south, was foreseen by Professor Kiang Kiang-Hu, chairman of the department of Chinese studies at McGill University.

Deep down in their hearts, Professor Kiang believes, northern Chinese desire the return of their abdicated emperor, Henry Pu-Yi, president of Manchukuo. He thinks that the Chinese of this section are making use of the Japanese invasion to bring about their dreams of a re-established empire.

Moral Is Obvious

President E. W. Beatty, of the C.P.R., says that only three of the 26,000,000 passengers who travelled by train in Canada in the year 1931 were killed in accidents. In the same year automobile fatalities in Canada numbered 1,321. The moral of this is to travel by train.

Alfalfa has been grown from time immemorial in Persia, and is, perhaps, the oldest forage plant in the world.

Gold mining is now Africa's most active industry.

Ceremony Long Delayed

Dean Reads Burial Service Over Grave Of Shackleton

A burial service performed over the grave of Sir Ernest Shackleton, the famous Antarctic explorer, in the lonely British South Atlantic island of South Georgia more than 10 years after his death there, is described in a letter received in London recently from the Very Rev. Harold E. Lumsdale, Dean of Stanley, Falkland Islands.

Shackleton died on board the "Quest" at South Georgia, on January 5, 1922, four months after sailing from London on his fourth expedition to the Antarctic.

Mr. Lumsdale took up his present post in February, 1932, and his district includes the South Georgia, South Shetland, South Orkney, and South Sandwich Islands, and any British possession northward to the South Pole. He writes:

"In December I crossed the South Atlantic in a trawler, some 850 miles, to minister in South Georgia."

"No priest had visited there before, and since Shackleton had only been buried by a layman I felt it my duty to say the office for the dead, and added the words of committal."

"On Saturday, December 17, at five in the afternoon, we set out for the grave. Large numbers of the whalers, Norwegian as well as English, were there."

"The sun was shining brightly on the lofty brown mountains, which were streaked with snow on the sides and capped with snow for hundreds of feet for they are 6,000 to 8,000 feet high."

"The little cemetery lies at the foot of these mountains, and Shackleton's grave with its stone stands out from the rest."

Among those who attended the service were Commander W. M. Carey, R.N. (retired), of the Royal Research ship "Discovery II," which recently returned to Cape Town after cruising a year in the Antarctic, and many of his officers and crew.

Polar Bear Rugs Fashionable

Many Inquiries Come From East To The Pas

Churchill polar bear rugs are the vogue in the east. Since the Hudson Bay Railway opened, there has been an increased interest in white bear floor coverings. Most of the enquiries about the white bears come from the east. Taxidermists, collectors and representatives of museums are seeking specimens of the big bears.

A number of persons have written for buyers in The Pas regarding shipments of live bears, especially cubs. Recently J. R. Kerr, fur buyer, shipped one bear skin eight feet three inches in length, to a taxidermist who is mounting it for the Brandon, Man., museum. Another six foot bear was shipped to H. S. Cruikshanks, Turin, Nova Scotia. Another, went to Dr. John Boland, Providence, R.I.

Hundreds of wild animal rugs have been manufactured in The Pas in the last few months.

Many Students Enrolled

University Attendance Reaches Highest Figure On Record

Enrolment of students in Canadian universities reached the highest figure on record at the end of the academic year, 1932, the Dominion Bureau of Statistics reports. As an explanation the report quotes the Carnegie Foundation for the Advancement of Teaching as saying "persons above high school age are just the group which unemployment throws back into schools in the largest number."

Universities had 43,143 students at the end of the year, in June, 1932. This, compared with 40,569 in 1931, was an exceptional increase and the 1931 figure compared with the 1930 enrollment of 31,368 is still more remarkable. In 30 years from 1901 when enrolment was only 9,820, the increase was 320 per cent.

Honey Via Hudson Bay

Saskatchewan Exporters Plan Shipments To England Through New Port

Saskatchewan beekeepers are planning an export honey to Britain a new fall via the Hudson Bay route. The British market consumes a large quantity of honey each year and, now that Canadian honey enjoys a substantial preference and it is proposed to guarantee the pound sterling at \$4.60 for export purposes, it is anticipated that it will be possible to realize a better price on the export market than on the home market.

All grain feed for poultry should be ground as finely as possible.

Indian Population Increasing

Better Health Measures Taken 'To Control Disease

There are about 110,000 Indians in Canada, according to Dr. E. E. Stone, director of the medical service of the Department of Indian Affairs, their number is increasing. This fact is contrary to many statements and to general belief, and is due to the better health conditions which have prevailed during the past few years. At present there are no very aggressive campaigns in effect, one against smallpox and one against trachoma, besides the general policy of maintaining careful and adequate services in the form of hospitals, field nurses, and agency rationing to prevent malnutrition. The prevention of disease is playing as important a part as its cure; and though Indians seem especially susceptible to certain diseases, such as tuberculosis in its many forms, insistent governmental care is having noticeably good results.

While there may be sentimental and humanitarian reasons for so much help being given to Indians, an even more obvious reason is the practicality of keeping a high standard of health over no inconsiderable area of Canada. Great numbers of the Indians are now coming under intensive economic development, and the importance of eliminating the dangers of widespread epidemics is only too common sense. So the work of the medical service of the Department of Indian Affairs deserves recognition; and because of the inherent difficulties of impressing on backward peoples the need of hygienic safeguards, it deserves sympathy. —Winnipeg Free Press.

Times Have Changed

Sectarianism Between Europe and India Practically Broken Down

A century ago the European who had an Indian friend was looked on as not quite normal, a man to beware of, and an Indian who had a European friend may have been similarly looked askance at. But there have been changes. The increasing association of Europeans and Indians in the professions, business and the services, the competence of Indians in adjusting themselves to the customs and ways of Europe, the amazing discovery (it must have been a tremendous shock to the Europeans on whom it first dawned) that the Indian intellect is capable of great achievement in many spheres, even in those looked upon as especially European, have modified the social prejudices by breaking down the old sectionalism to a marked extent. —Calcutta Standard.

Life's Hardest Battle

It is much easier to act firmly and bravely under a strong impulse than it is to restrain an impulse when called upon to do so. Of all the battles of life there is not one that requires so much real courage as that silent battle with self, which every dutiful person finds it frequently necessary to wage.

During a forest fire recently near Melbourne, Australia, the fire fighters were directed by radio from an aeroplane.

Never Lets Client Down

Lloyd's Cover Every Conceivable Insurance Risk and Always Pay

Within a few hours of the French luxury liner, "L'Atlantique" becoming a total wreck, Lloyd's had paid her insured value. The total commitment of the British insurers in this instance amounted to about two million pounds. Lloyd's paid up without turning a hair, and not one underwriter or insurance company having "business" on the vessel was under any compulsion to back out. Lloyd's risks the insurance may be in as many as a thousands hands, for large numbers of companies responsible to Lloyd's underwriters will accept part of the risk, and then they themselves may part with a portion of their commitment. Thus, when a claim is made, the insured figure is spread through so many hands that only comparatively small sums have to be paid by each company.

Originally, Lloyd's underwriters covered only marine insurance, but nowadays every conceivable insurance is taken— from the risk of twins, the loss of a football club through bad weather, to the loss to a man's business if a royalty die. All Lloyd's underwriters have to set aside very substantial sums of money as proof of their financial stability. And it is because Lloyd's has never let a client down, though the risk be \$10,000,000, that the world's insurance business comes to London. Why are underwriters so called? It is because they write their names under the insurance policy, as holding the risk. Even a motor-car policy, taken out at Lloyd's, for instance, will contain the names of all those insurers holding the risk—the dozen or so who share perhaps 60 per cent, and the twenty who take the remaining 40 per cent.

Cannot Stand Captivity

Mockingbird Feeds Poisoned Berries To Offspring In Cage

When I was a boy in Carolina I was cured, forever of caging wild things, says Archibald Rutledge, in Good Housekeeping. Not content with hearing mockingbirds sing from the cedars I determined to cage a young one and thus have a young musician all my own.

On his second day in the cage I saw his mother fly to him with food in her beak. His attention pleased me, for surely the mother knew how to feed her child better than I did. The following morning my pathetic little captive was dead. When I recounted this experience to Arthur Wayne, the renowned ornithologist, he said:

"A mother mockingbird, finding her young in a cage, will sometimes take it poisoned berries. She thinks it is better for one she loves to die rather than to live in captivity."

Decline In Receipts From Customs Duties

Collections Last Month Less Than In April, 1933

A net increase of \$3,396,427 in customs and excise revenue for April, first month of the new fiscal year, as compared with April, 1932, is shown in a statement issued by the department of national revenue.

The greatest decline is in receipts from customs duties. Total customs and excise revenues during April, 1932, were \$5,204,192. Excise taxes yielded \$2,431,718 in April, a reduction of \$366,756. The revenues from excise duties was \$2,267,708 or \$756,865 less than in April, 1932.

From income tax \$4,808,323 was collected during April, 1933, compared with \$5,269,235 in April 1932. This was a decrease of \$460,911.

A Scientific Curiosity

Largest Microscope Will Be Exhibited At Chicago Fair

The world's largest microscope, standing seven feet high and built exactly to scale, will be one of the outstanding scientific curiosities at the Century of Progress Exposition in Chicago. The instrument, to be exhibited by a Rochester, N.Y., optical company, will be the only one of its kind in existence, and will show visitors the external features of these precise instruments which have been responsible in large measure, for conquering many forms of virulent disease.

Old Habit Revived

Revival of popular opium habit has become noticeable in England. Factories are working overtime to cope with the sudden demand, not only from London, but from northern England and Scotland. In West End theatres, where smoking is not permitted, snuff has become a craze.

The grading of food commodities by the Canadian Government takes the guesswork out of buying.

Trade Is Improving

Auto Sales In Saskatchewan Have Increased By Fifty Per Cent.

Trade in general is improving in Saskatchewan. Here is the result of a round-up in Regina, Saskatoon, Moose Jaw and other cities: Autos—Up to 50 per cent. better. Service stations—25 per cent. better. Grain stocks, brokers—much better. Mail order trade—more volume. Wholesale groceries—better volume. Hardware, implements, slight improvement.

The provincial government reports a larger number of auto licenses issued compared with the same period in 1932. For this year is 24,531 with 23,131 in 1932. Increases are shown in every type of car used.

To assist farmers in drought areas auto companies have arranged a \$250,000 credit with the provincial government so these farmers can obtain their seeding machinery fuel.

One of the largest farm transactions that has taken place in recent years occurred in the northern part of the province when the 3,400-acre Trench farm was purchased by Arthur Kowbell and his two sons. They have acquired the largest farm in the municipality. It is also the best equipped for miles around. The farm is sold on a half-per cent. basis. It was bought several years ago by Robert Trench, of Timewater, Ont.

A \$10,000 fence factory is being constructed in Saskatoon which will require another \$10,000 in equipment. It plans to produce a fence of lath and wire of various sizes and can be rolled up and moved.

Created Their Own Jobs

Many Unemployed Find Paying Work Close To Home

Charles M. Schwab, chairman of the board of the Bethlehem Steel Corporation, tells the Pennsylvania Society that he looks "for the return of normal times not far away." Newspapers over the country have for some months been printing brief daily articles telling of unemployed men and women who have been doing likewise in a very literal and successful way. In their own neighborhoods they have created unusual and remunerative jobs, such as cleaning wall paper, repairing window shades, fixing leaky faucets and scores of other minor but necessary tasks. They have achieved their own return to normal times by looking not far away.

Loses Its Identity

Gulf Stream Merges With Ocean Beyond 40th Parallel

The gulf stream flows out of the Gulf of Mexico between the coast of Florida and the Bahamas, and northeastward along the American coast. Its width, in the narrowest portion, is about 50 miles and its depth some 2,000 feet. After it has passed between the Bermudas and the coast of Carolina, it is divided into several streams, about 10 fathoms deep and altogether 150 miles wide. Its temperature up to this point is several degrees warmer than that of the surrounding ocean.

Beyond the 40th parallel of north latitude and the meridian 60 degrees west, the gulf stream can no longer be distinguished from the rest of the ocean drift by temperature, motion, color, saltness or otherwise. It has no further separate existence, but is lost in the general drift of warm water toward Europe—a general phenomenon having little or nothing to do with the gulf stream proper.

A Full Vocabulary

A good story the other day concerns Herr Remarque, the author of "All Quiet on the Western Front," and a pretty American girl to whom he was introduced in Berlin.

The American, speaking in German, asked Remarque why he had never visited the United States. His answer was that he knew only a few sentences in English.

"What are the sentences?" inquired the girl.

Whereupon Remarque, speaking slowly in somewhat guttural English, said: "How do you do? I love you. Forgive me. Forget me. Ham and eggs, please." "Sakes alive!" ejaculated the girl. "Why, with that vocabulary you could tour my country from Maine to California."

Sounds Like Cannibalism

"My dear, listen to this," gasped an elderly English woman who was travelling with her husband for the first time in one of the Western States. "On this bill of fare it says 'Baked Indian pudding.' Can such things be possible in a country which claims to be civilized?"

Scotland is to have an air fleet.

Wonderful Rock Tower

Pillar In Northern Ontario Rises Seventy Feet Above Water

Throughout Canada are many curious natural formations which appeal to the Indians as evidence of the supernatural. Their imagination peopled the vicinity of great falls, canyons and oddly shaped and placed rocks with spirits over which ruled their Manitou. As in more enlightened climes where gifts were offered to propitiate certain gods, the simple Indian offered up 40 to 70 feet of rock to the Manitou. The spirit which hovered over the virtual shrines which lay along his route. One of these places where Indian "medicine" was offered to Manitou stands in the rushing flood of the Missinabi river in Northern Ontario, a tower of rock known from time immemorial as Conjuror's House.

Near Conjuror's House the turbulent Missinabi is hemmed in by high walls of gneiss between which the stream dashes with tremendous velocity. Hard against the rocky fastness of Conjuror's House the river buries its might only to be heaved, turned aside and madly rushes onward to tumble in foam and spray over the falls below. Alone in its solitude, stands this extraordinary columnar pillar rising 60 to 70 feet above the water. Travellers journeying by canoe down the Missinabi to Hudson Bay pass this awe inspiring monument of nature as they portage past the rapids 32 miles north of the falls. Standing on the brink of the steep-walled canyon, and gazing down on the huge rock, the present day traveller experiences some of the awe and wonder that seized the Indians at this place, and may feel some of the hidden things which the northland holds as its own.

THE RHYMING OPTIMIST

By Alice Michels

ULTIMATE GOOD

The ultimate good will some day prevail.

So believe that the righteous cannot fail.

Believe in a scheme that is wholly just.

And that as a little child would trust in virtue and honour, in truth and love.

And your days to the rhythm of your thought will move.

The ultimate good, though you cannot see it, is the end of the road will be there!

Be sure always as you press ahead that somewhere the riddle has all been read.

And hold in your thinking no shade of doubt.

That by someone the course has been charted out.

The ultimate good! How the wonder grows.

As metal by the years discloses.

The heart of life, as a perfect flower, which fairer and sweeter grows, hour by hour!

The ultimate good! As you press ahead.

Be sure the riddle has all been read.

Canada Stands Fourth

Has One Motor Vehicle To Every 9.4 Persons

Canada, with one motor vehicle to every 9.4 persons, ranked fourth in density, in world countries in 1932, the United States leading with a density of one motor vehicle to every 5.1 persons, says a report issued by the Dominion Bureau of Statistics. Ontario, with 6.5 persons per motor vehicle, had the greatest density in Canada. British Columbia was second with 7.7 persons per motor vehicle.

Must Ask Many Questions

Official regulations for the Metropolitan Police, London, England, lay down as many as four hundred questions, any or all of which a policeman must be asked in the event of a fatal road accident happening on his beat.

A rich gold find has just been made in Albania.

Guatemala recently had a one-day bank holiday.

WEAK WOMEN

Take Lydia E. Pinkham's Vegetable Compound

Have you ever felt that you were weak to do anything... that you did not have the strength to do your work? Women who are weak and run-down should take a tonic such as Lydia E. Pinkham's Vegetable Compound. Headaches and backaches that are the result of a tired, run-down condition often yield to this marvelous medicine. 96 out of every 100 women who report to us say that they are benefited by this medicine. Buy a bottle from your druggist today... and watch the results.

LOW PRICED but DEPENDABLE

OLD FIELD TIRES

IF you want a low-priced but dependable tire that has the quality and features of tires costing much more, go to the nearest Firestone Dealer today and ask for

MADE BY Firestone

GUARANTEED FOR 12 MONTHS

against blowouts, cuts, bruises, rim cuts, under-inflation, wheels out of alignment, faulty brakes or any other road hazard except punctures.

THESE sturdy, long-wearing tires, made and guaranteed by Firestone, offer exceptional value. They have all the features of tires costing much more including Gum-Clipped cord body and a deep, tough safety tread that grips the road in all kinds of weather. Worn tires are dangerous—you cannot afford to take chances with them—especially when you can buy Oldfield tires for so little. Go to the nearest Firestone Dealer today and let him equip your car with these low-cost, long-wearing tires.

Buried Treasure

Expect To Be Able To Recover Huge Amount Belonging To Murdered Czar Of Russia

The London Herald reports that a treasure worth £2,000,000, belonging to the murdered Czar Nicholas II, and prominent Russian noblemen, will soon be recovered at Sverdlovsk, on the Asiatic side of the Ural Mountains.

The Czar's family was slain at Sverdlovsk, then known as Ekaterinburg, after the 1917 revolution.

The cache was long known to the London agent of some of the owners, the Herald said. The agent sent three representatives, one of whom was a London banker, to obtain the treasure.

The representatives were reported to have negotiated for 15 months with the Soviet Government with the result that the latter agreed to turn over one-fourth of the treasure.

The treasure is said to be buried at a considerable depth under a house where it was placed 16 years ago by a man not known in Russia. The Soviet government is said to have guaranteed safe conduct to Sverdlovsk.

The Herald reported discovery of the treasure was made but that it would not be dug up until the arrival of the man who buried it.

The Modern Version

A small boy (more a film than a history fan) was "rehearsing" before his father an essay he had to write on Sir Walter Raleigh.

"Sir Walter wanted to keep in with the Queen," he said, "so he took off his jacket and threw it over some mud for her to walk on."

"Did he speak to Queen Elizabeth?" asked the father.

"Yes," came the unexpected reply. "He said, 'Step on it, baby!'"

An Important Find
Haverford College has announced that a scarab, or lucky symbol, which King Tutankamen's grandfather gave friends attending his wedding about 1400 B.C., is the season's most important archaeological discovery of the college's expedition to Beth Shemesh in Palestine.

Little Help For This Week

"Thou shalt rejoice in every good thing which the Lord thy God hath given unto thee."—Deuteronomy 26:2. "Rejoice evermore. In everything give thanks."—Thessalonians 5:16-18.

Grave on thy heart each past "red letter day".

Forget not all the sunshine of the "letter day".

By way of the Lord hath led thee; answered prayers.

And joys unasked, strange blessings, Grand promise-echoes; thus thy life shall be.

On record of His love and faithfulness to thee.

—F. Havergal.

Gratitude consists in a watchful attention to the multitude of God's gifts, taken one by one. It fills us with a consciousness that God loves and care for us even to the last event and smallest need of life. It is a blessed thought that He has been laying His fatherly hands upon us, and always in hallelujah, even from our childhood. Every gift has its return of praise. It awakens an unceasing daily converse with our Father, He speaking to us by the descent of blessings, we to Him by the ascent of thanksgiving. And all our life is drawn under the light of His countenance, and is filled with a gladness and serenity which only thankful hearts can know.—H. E. Manning.

Letter to the Editor

(The editor is not responsible for opinions expressed in letters to The Press, and reserves the right to reject any communication submitted. Publication must not be taken as an endorsement of opinions or policies. —H. T. H.)

The Editor of The Journal.

Dear Sir: The following is a copy of a resolution sent to the secretary of Coleman School District and we would consider it a privilege if you can find space to publish it in your paper.

Jas. Ford, Esq.,
Secretary-Treasurer,
Coleman School District,
Coleman, Alberta.

Dear Sir: Arising out of the action taken by Coleman School Trustees, at a meeting held on Thursday, May 25, 1933, in deciding to impose a ten per cent cut on all teachers' salaries, considerable discussion arose at the regular meeting of Coleman Miners' Association held on Sunday, May 28, which resulted in the following resolution being submitted and passed unanimously, and instructions given us to have copies of same prepared and sent to you as secretary of the school district, also the local newspaper.

WHEREAS: The trustees of Coleman School District have imposed a ten per cent cut on all teachers' salaries;

AND WHEREAS: such action is entirely unwarranted in view of the fact that the resources of the school district, financial and otherwise, compare most favorably with those of any other school district in the entire province;

AND WHEREAS: practically all the school trustees have admitted that there was absolutely no necessity for imposing the cut;

THEREFORE BE IT RESOLVED that Coleman Miners' Association emphatically protest such action, and BE IT FURTHER RESOLVED that we demand the immediate resignation of George Hope and George Evans, the nominees of the Miners' Association, for not taking exception to such action.

Respectfully submitted,
On behalf of Coleman Miners' Ass'n.
W. WHITE, President,
D. GILLESPIE, Secretary.

Revision of Teachers Salaries

A special meeting of the trustees on May 25 passed a motion that all teachers be given the required 30 days notice of existing contracts, and that a ten per cent salary reduction would be put into effect commencing with the fall term. R. Sudworth voted against. This is the first change in salary schedule for several years. Teachers' applications for contracts will probably be considered as soon as the time is set for receiving same.

IN MEMORIAM

In loving memory of David Gardiner, killed in McGillivray mine, May 31st, 1932.

"One year has passed since that sad day,
When one we loved was called away.
The loss was great, the shock severe—
We little thought the end was near.
Some think that we forget him when they see us smile,
But they know not of the heartaches our smile hides all the while.
Just when his thoughts were brightest, and his hopes were best,
God called him from us to a home of eternal rest."

Lovingly remembered by his wife and children.

Flowers for any occasion may be ordered through Frank H. Graham, at the post office. Prompt service assured at all times, by telephoning 81W.

IN MEMORIAM

In loving memory of Tony Nicholas who was killed May 26th, 1929. It is loneliness here without you, And sad the weary way,
For life to us is not the same Since you were called away.
God is good, He gives us strength To bear the heavy cross,
He is the one who knows full well How heavy is our loss.
Ever remembered by his parents, brother and sisters.

IN MEMORIAM

In Memory of William Wilson, who was killed at the International mine on May 28th, 1929.

"Sunshine fades and shadows fall,
But remembrance outlasts all."
Ever remembered by Mr. and Mrs. Eph Hill and Mr. and Mrs. Ernest Hill.

IN MEMORIAM

In Loving Memory of William Wilson, who was killed at the International mine, May 28th, 1929.

This day we always remember,
When the rest of the world forgets.
—Ever remembered by his loving wife and daughter.

CARD OF THANKS

Mr. Alex. Kotch thanks all who assisted him in his bereavement, those who sent flowers and who loaned cars for the funeral.

Wreaths are kindly acknowledged from Slavonia Benefit Society Lodge No. 276, Mr. and Mrs. Mikose, Mr. and Mrs. Ousart, Mr. and Mrs. Gurnick, Mr. and Mrs. A. Holyk and family, husband and family.

Thanks also is expressed to Mr. J. Krywolt for his much-appreciated assistance.

Many Attend Carnival

(Continued from Page One)

eral Electric radio set by P. Stoppel of East Coleman, ticket 1285, and the Chesterfield suite by Geo. Podgornik, of Corbin, ticket 2203.

In connection with the first carnival held in Coleman several years ago, there was a surplus after all expenses of about \$2800, which in this carnival the gross receipts were less than \$2100 00, from which expenses of prizes, goods, orchestra, printing and other items are to be deducted.

But with charged conditions, the committee knew that the last carnival held here in 1929, when approximately \$800 surplus was shown.

The refreshment stands reported good business, the ever-popular "hot dawg" and hamburger being in greater demand than could be met.

The Citizens League executive expresses its appreciation of the hearty co-operation of the workers, for it is only by the combined effort that success can be achieved.
